Tissue Culture assortment
**Alocasia Dwarf Amazonica**
- Alocasia x amazonica
- Dark foliage accentuated by lime white veins
- Ideal indoor plant
- Keep moist

**Alocasia Bambino**
- Alocasia x amazonica
- Dark foliage accentuated by white veins
- Ideal indoor plant
- Keep moist

**Alocasia Green Bambino**
- Alocasia x amazonica
- Dark foliage accentuated by soft lime green veins
- Ideal indoor plant
- Keep moist

**Agapanthus Cascade Diamond**
- Agapanthus praecox ssp orientale
- Clump forming plant
- Heat and drought tolerant
- Very tough and hardy
- Double white frilly flowers in early summer

**Agapanthus Snowball**
- Agapanthus praecox
- Pure white flower heads in warmer months
- Clump forming plant
- Tolerates wide range of soil types
- Heat and drought tolerant
- May be divided in winter

**Alocasia Amazonica**
- Alocasia x amazonica
- Dark foliage accentuated by lime white veins
- Ideal indoor plant
- Keep moist

**Alocasia Dwarf**
- Alocasia x amazonica
- Dark foliage accentuated by lime white veins
- Ideal indoor plant
- Keep moist

**Alocasia Bambino**
- Alocasia esculenta
- Dark foliage accentuated by white veins
- Ideal indoor plant
- Keep moist

**Agapanthus Cascade Diamond**
- Agapanthus praecox ssp orientale
- Clump forming plant
- Heat and drought tolerant
- Very tough and hardy
- Double white frilly flowers in early summer

**Agapanthus Snowball**
- Agapanthus praecox
- Pure white flower heads in warmer months
- Clump forming plant
- Tolerates wide range of soil types
- Heat and drought tolerant
- May be divided in winter

**Alocasia Dwarf Amazonica**
- Alocasia x amazonica
- Dark foliage accentuated by lime white veins
- Ideal indoor plant
- Keep moist

**Alocasia Bambino**
- Alocasia x amazonica
- Dark foliage accentuated by white veins
- Ideal indoor plant
- Keep moist

**Alocasia Green Bambino**
- Alocasia x amazonica
- Dark foliage accentuated by soft lime green veins
- Ideal indoor plant
- Keep moist

**Alocasia Bambino**
- Alocasia esculenta
- Dark foliage accentuated by white veins
- Ideal indoor plant
- Keep moist

**Agapanthus Cascade Diamond**
- Agapanthus praecox ssp orientale
- Clump forming plant
- Heat and drought tolerant
- Very tough and hardy
- Double white frilly flowers in early summer

**Agapanthus Snowball**
- Agapanthus praecox
- Pure white flower heads in warmer months
- Clump forming plant
- Tolerates wide range of soil types
- Heat and drought tolerant
- May be divided in winter

**Alocasia Dwarf Amazonica**
- Alocasia x amazonica
- Dark foliage accentuated by lime white veins
- Ideal indoor plant
- Keep moist

**Alocasia Bambino**
- Alocasia x amazonica
- Dark foliage accentuated by white veins
- Ideal indoor plant
- Keep moist

**Alocasia Green Bambino**
- Alocasia x amazonica
- Dark foliage accentuated by soft lime green veins
- Ideal indoor plant
- Keep moist

**Alocasia Bambino**
- Alocasia esculenta
- Dark foliage accentuated by white veins
- Ideal indoor plant
- Keep moist

**Agapanthus Cascade Diamond**
- Agapanthus praecox ssp orientale
- Clump forming plant
- Heat and drought tolerant
- Very tough and hardy
- Double white frilly flowers in early summer

**Agapanthus Snowball**
- Agapanthus praecox
- Pure white flower heads in warmer months
- Clump forming plant
- Tolerates wide range of soil types
- Heat and drought tolerant

Alstroemeria Inca

**Avanti**
- Alstroemeria hybrid
- Salmon coloured flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

**Joli**
- Alstroemeria hybrid
- Salmon/orange flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

**Lake**
- Alstroemeria hybrid
- Lilac/purple flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

**Lolly**
- Alstroemeria hybrid
- Bright pink flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

**Noble**
- Alstroemeria hybrid
- Purple flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

**Sweety**
- Alstroemeria hybrid
- White and pink flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

**Smile**
- Alstroemeria hybrid
- Creamy white flowers with a pink blush and speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

**Vito**
- Alstroemeria hybrid
- Bright red flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

**Yuko**
- Alstroemeria hybrid
- White and watermelon coloured flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

---

Anigozanthus Bush Diamond
*Anigozanthus humilis x flavidus*
- Naturally compact
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn
- Suitable for small pot production

Uses: Garden beds, containers, landscapes

**60cm**

Anigozanthus Bush Gold
*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**70cm**

Anigozanthus Bush Inferno
*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Perfect patio plant
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**1mtr**

Anigozanthus Bush Tenacity
*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**70cm**

Anigozanthus Bush Pizzazz
*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Plant en masse for great effect
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**70cm**

Anigozanthus Bush Ranger
*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**70cm**

Anigozanthus Bush Volcano
*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Dark orange, yellow, gold and red tones
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**80cm**

Anigozanthus Bush Inferno
*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Perfect patio plant
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**70cm**

*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Plant en masse for great effect
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**70cm**

Anigozanthus Bush Ranger
*Anigozanthus humilis x flavidus*
- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers, landscapes

**70cm**

Anigozanthus Frosty Red
*Anigozanthus rufus*
- New release / Local breeding
- Forms a large clump
- Long lived scarlet red flowers spring through autumn
- Disease resistant
- Easy care

Uses: Garden beds, containers, landscapes

**Ball EXCLUSIVE**

**45-60cm**
Calathea Dottie  
**Calathea roseopicta**  
- Attractive dark foliage  
- Ideal house plant  
- Will grow in low light conditions  
- Can be grown outdoors in tropical climates  
- Easy care  
- Requires filtered light or shade  

Bamboo Baby Panda  
**Pogonatherum paniceum**  
- Neat ball shaped habit  
- Non-invasive  
- Great border plant  
- Needs regular watering  
- Can be used indoors  

Begonia Kotobuki  
**Begonia rex**  
- Beautiful multi coloured foliage  
- Ideal indoor plant  
- Easy care  

Calathea Makoyana  
**Calathea makoyana**  
- Patterned foliage with contrasting underside  
- Ideal house plant, easy care  
- Will grow in low light conditions  
- Can be grown outdoors in tropical climates  
- Requires filtered light or shade  

Calathea Medallion  
**Calathea ornata**  
- Attractive oval shaped striped foliage  
- Ideal house plant  
- Will grow in low light conditions  
- Can be grown outdoors in tropical climates  
- Easy care  
- Requires filtered light or shade  

Calathea Orbifolia  
**Calathea orbifolia**  
- Attractive rounded striped foliage  
- Ideal house plant  
- Will grow in low light conditions  
- Can grow outdoors in tropical climates  
- Easy care  
- Requires filtered light or shade  

Calathea Zebrina  
**Calathea zebrina**  
- Attractive striped foliage  
- Ideal house plant  
- Will grow in low light conditions  
- Can be grown outdoors in tropical climates  
- Easy care  
- Requires filtered light or shade  

Colocasia Black Magic  
**Colocasia esculenta**  
- Large deep purple leaves  
- Large indoor plant  
- Keep moist  
- Filtered light

**Cordyline Caruba Black**  
*Cordyline fruticosa*  
- Architectural value  
- Fast growing drought tolerant  
- Shiny black purple leaves  
*Uses:* Landscapes, large containers, mixed containers  
60cm  
3.2mtr

**Cordyline Chocolate Queen**  
*Cordyline terminalis*  
- Architectural value  
- Fast growing drought tolerant  
- Wide leaves which show green, white, chocolate red and purple as they develop  
*Uses:* Landscapes, large containers, mixed containers  
50cm  
1.6mtrs

**Cordyline Green Star**  
*Cordyline australis*  
- Solid bright green foliage  
- Vigorous growth  
- Cold hardy  
*Uses:* Landscapes, large containers, mixed containers  
50cm  
3mtrs

**Cordyline Red Edge**  
*Cordyline australis*  
- Broad leaves  
- Vibrant green foliage with red accents  
- Vigorous growth  
- Cold hardy  
*Uses:* Landscapes, large containers, mixed containers  
50cm  
3mtrs

**Cordyline Chocolate**  
*Cordyline fruticosa*  
- Architectural value  
- Fast growing drought tolerant  
- Wide leaves which show green, white, chocolate red and purple as they develop  
*Uses:* Landscapes, large containers, mixed containers  
50cm  
3mtrs

**Cordyline Lily**  
*Cordyline fruticosa*  
- Ball Exclusive, Local breeding  
- Broad dark red leaves with lime edging  
- Fast growing  
- Disease resistant  
- Easy care  
- Cold hardy  
*Uses:* Indoors, large containers, mixed containers  
50cm  
2-1.8mtrs

**Cordyline Pink Champion**  
*Cordyline australis*  
- Broad leaves  
- Strong variegated pink and red colouration  
- Vigorous growth  
- Cold hardy  
*Uses:* Landscapes, large containers, mixed containers  
50cm  
10-50cm

**Cordyline Red Sensation**  
*Cordyline australis*  
- Long purple red lance like leaves  
- Medium growth  
- Drought and cold hardy  
- Heat and drought tolerant  
*Uses:* Landscapes, large containers, mixed containers  
80-40cm  
3mtrs

**Cordyline Red Tropica**  
*Cordyline fruticosa*  
- Deep burgundy leaves with pink patterns  
- Hardy  
- Drought tolerant  
*Uses:* Landscapes, large containers, mixed containers  
50cm  
3mtrs

**Cordyline Sundance**  
*Cordyline australis*  
- Straplike leaves striped in green and red  
- Medium growth  
- Drought and cold hardy  
*Uses:* Landscapes, large containers, mixed containers  
50-60cm  
50-100cm

**Cordyline Red Star**  
*Cordyline australis*  
- Ruby red/burgundy foliage  
- Vigorous growth  
- Cold hardy  
*Uses:* Landscapes, large containers, mixed containers  
50cm  
3mtrs

**Cordyline Caruba Black**  
*Cordyline fruticosa*  
- Architectural value  
- Fast growing drought tolerant  
- Shiny black purple leaves  
*Uses:* Landscapes, large containers, mixed containers  
60cm  
3.2mtrs

*Cordyline fruticosa*  
- Deep burgundy leaves with pink patterns  
- Hardy  
- Drought tolerant  
*Uses:* Landscapes, large containers, mixed containers  
50cm  
3mtrs

**Cordyline Sundance**  
*Cordyline australis*  
- Straplike leaves striped in green and red  
- Medium growth  
- Drought and cold hardy  
*Uses:* Landscapes, large containers, mixed containers  
50-60cm  
50-100cm
Dieffenbachia Mariana
• Broad leaves, cream centre with a green edge
• Ideal indoor plant
• Easy care
*Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, rockeries

Dieffenbachia Amy
• Attractive speckled foliage
• Ideal indoor plant
• Easy care
*Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers

Dieffenbachia Starbright
• Attractive golden foliage speckled with green
• Ideal indoor plant
• Easy care
*Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers

Dieffenbachia Camilla
• Attractive variegated foliage
• Ideal indoor plant
• Easy care
*Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, rockeries

Dieffenbachia Silver Streak
• Attractive clumping habit with variegated leaves
• Frost hardy
• Great landscape plant
• Drought tolerant once established

Uses: Landscapes, large containers, mixed containers, massed plantings

Echeveria Big Red
• Form a rosette up to 50cm across
• Green to bronze leaves with a red margin
• Produces tall flower spikes
• Drought tolerant
• Easy care

Uses: Pots, mixed containers, indoors

Echeveria Black Knight
• Form a rosette up to 20cm across
• Stout upright dark brown pointed leaves
• Produces tall flower spikes of red flowers
• Drought tolerant
• Easy care

Uses: Pots, mixed containers, indoors

Echeveria Domingo
• Forms rosettes of powdery green fleshy leaves
• Produces tall flower spikes of orange flowers
• Drought tolerant
• Easy care

Uses: Pots, mixed containers, indoors

Echeveria Topsy Turvy
• Long narrow bluish white leaves with a turned up tip
• Produces tall flower spikes of orange flowers
• Drought tolerant
• Easy care

Uses: Garden beds, containers

Echeveria Zorro
• Produces a large solitary head up to 40cm across
• Dark purplish red frilly leaves
• Drought tolerant
• Easy care

Uses: Garden beds, containers

Dianella Seaspray
• Hardy native grass
• Blue green foliage
• Frost hardy
• Drought tolerant
• Fast growing
• Easy care

Uses: Landscapes, large containers, mixed containers, massed plantings

Dianella Silver Streak
• Attractive golden foliage speckled with green
• Ideal indoor plant
• Easy care
*Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers

Dianella Camilla
• Attractive clumping habit with variegated leaves
• Frost hardy
• Great landscape plant
• Drought tolerant once established

Uses: Landscapes, large containers, mixed containers, massed plantings

**Ficus Benjamina Variegata**
- Attractive, glossy green leaves with irregular white margins
- Tough plant
- Copes with most conditions
*Note: Poisonous if ingested by humans or animals*

**Ficus Ruby**
- New growth starts out red
- Foliage matures to glossy dark green splashed with cream and tinges of ruby red
- Can be cut back if it gets too large
- Can grow into a large tree
- Filtered light to bright light
*Note: Poisonous if ingested by humans or animals*

**Ficus Burgundy**
- Broad burgundy foliage
- Can be cut back if it gets too large
- Can grow into a large tree
- Filtered light to bright light
*Note: Poisonous if ingested by humans or animals*

**Fern - Birds Nest**
- Fast growing, shiny green pleated leaves
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Requires filtered light or shade
*Note: Poisonous if ingested by humans or animals*

**Fern - Blechnum Silver Lady**
- Fast growing fern
- Attractive, broad fronds
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Requires filtered light or shade
*Note: Poisonous if ingested by humans or animals*

**Fern - Boston**
- Fast growing with a highly attractive spreading habit
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade
*Note: Poisonous if ingested by humans or animals*

**Ficus Lyrata**
- Broad rounded foliage
- Can be cut back if it gets too large
- Can grow into a large tree
- Filtered light to bright light
*Note: Poisonous if ingested by humans or animals*

**Ficus Tineke**
- Long, wavy green fronds form a nest shape
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base

**Ficus Evergreen**
- Attractive, glossy green leaves
- Can be cut back if it gets too large
- Can grow into a large tree
- Filtered light to bright light
*Note: Poisonous if ingested by humans or animals*

**Ficus Lyrata**
- Broad rounded foliage
- Can be cut back if it gets too large
- Can grow into a large tree
- Filtered light to bright light

Fern - Boston Blue Bell
Nephrolepis exaltata
- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade
Uses: Garden beds, containers, indoors

Fern - Boston Macho
Nephrolepis dissecta
- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade
Uses: Garden beds, containers, indoors

Fern - Duffii
Nephrolepis cordifolia
- Vigorous tough compact
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Requires filtered light or shade
Uses: Garden beds, containers, indoors

Fern - Rabbit’s Foot White
Humata tyermanii
- Compact upright fern
- Soft dark green fronds
- Lush mounded habit
- Attractive white furry rhizomes
Uses: Hanging baskets, large containers

Fern - Staghorn
Platycerium bifurcatum
- Multiple rosette of foliage
- Like high humidity
- Easy to grow and care for
- Water heavily, let dry out before next heavy watering
- Require good drainage
Uses: Shaded areas, outdoors

Fern - Emerald Queen
Nephrolepis exaltata
- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade
Uses: Garden beds, containers, indoors

Fern - Leather Leaf
Rumohra adiantiformis
- Dark green glossy long fronds
- Excellent in a shady damp spot
- Requires filtered light or shade
Uses: Garden beds, containers, indoors

Fern - Rabbit’s Foot Fern
Ziella heymons
- Elegant lacy fronds
- Lush mounded habit
- Attractive brown furry rhizomes
Uses: Hanging baskets, large containers

Fern - Duffii
Nephrolepis cordifolia
- Vigorous tough compact
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Requires filtered light or shade

Ginger - Midnight
Zingiber malayanum
- Shiny, glossy dark chocolate foliage with hints of green and purple
- Will grow in a wide range of conditions
- Hardly and easy to grow
- Protect in winter extremes
Uses: Garden beds, containers, indoors

Ginger - Silver Streaks
Zingiber spectabile
- Attractive green leaves with silver bands
- Beautiful basal flowering in reds and oranges
- Will grow in a wide range of conditions
- Hardy and easy to grow
- Protect in winter extremes
Uses: Garden beds, containers, indoors
**Lomandra - Little Con**  
*Lomandra confertifolia*  
• Small hardy landscape plant  
• Clumping habit with narrow bright green leaves  
• Pale pink flower spikes throughout summer months  
• Tolerates a wide range of climates  
• Drought tolerant  
*Uses:* Landscapes, edging, containers  
*Uses:* Landscapes, edging, containers  
*Uses:* Landscapes, edging, containers

**Lomandra - Lime Divine**  
*Lomandra confertifolia*  
• Small hardy landscape plant  
• Soft weeping foliage  
• Bright yellow flowers in spring summer  
• Tolerates a wide range of climates  
• Drought tolerant  
*Uses:* Landscapes, edging, containers

**Lomandra - Green Gem**  
*Lomandra confertifolia*  
• Small hardy landscape plant  
• Clumping habit with narrow bright green leaves  
• Pale pink flower spikes throughout summer months  
• Tolerates a wide range of climates  
• Drought tolerant  
*Uses:* Landscapes, edging, containers  
*Uses:* Garden beds, containers, shady areas

**Hosta - Minuteman**  
*Hosta x Minuteman*  
• Blue-green leaves with wide white margins  
• Flowers appear in late spring  
• Mound-like growing habit  
• Prefers moist, well-drained soil  
*Uses:* Garden beds, containers, shady areas

**Hosta - Frosty Top**  
*Hosta x Pilgrim*  
• Heart-shaped grey-green leaves, wide margins changing from yellow to creamy white in summer  
• Flowers appear in late spring  
• Mound-like growing habit  
• Hardy, become dormant in autumn  
• Prefers moist, well-drained soil  
*Uses:* Garden beds, containers, shady areas

**Hosta - Showboat**  
*Hosta x Showboat*  
• Attractive, heart-shaped dark-green leaves, wide margins changing from yellow to creamy-white  
• Flowers appear in late spring  
• Mound-like growing habit  
• Hardy, become dormant in autumn  
• Prefers moist, well-drained soil  
*Uses:* Garden beds, containers, shady areas

**Hosta - Pilgrim**  
*Hosta x Pilgrim*  
• Heart-shaped grey-green leaves, wide margins changing from yellow to creamy-white in summer

- Glossy green lobed foliage
- Requires filtered light to bright light

Uses: Indoors, containers

Philodendron - Xanadu

- Fast growing attractive climber
- Glossy green lobed foliage
- Requires filtered light to bright light

Uses: Indoors, large containers

Nandina - Moonbay

- Forms a small evergreen shrub
- New foliage yellow and lime green, turning to red, yellow, burgundy and apricot as seasons progress
- Landscape favourite
- drought tolerant

Uses: Landscapes, garden beds, containers

Nandina - White Pearl

- Forms a small evergreen shrub
- White flowers that appear in summer followed by white, pear like berries in winter
- Landscape favourite
- Heat and cold tolerant
- Drought tolerant

Uses: Landscapes, garden beds, containers

Pelargonium - Splendide

- Evergreen shrub with silvery foliage
- Buttery shaped flowers with red upper petals with a black spot at the base, lower petals are white
- Hardy, low maintenance
- Remove spent flowers to encourage new growth
- Full sun

Uses: Landscapes groundcover, containers, baskets

Phormium - Anna

- Fast growing clump forming phormium
- Strappy, glossy maroon purple leaves
- Low maintenance

Uses: Landscapes, Large containers, around pool areas

Phormium - Bright Bronze

- Fast growing clump forming phormium
- Strappy, glossy maroon purple leaves
- Low maintenance

Uses: Landscapes, Large containers, around pool areas

Phormium - Bronze Baby

- Compact upright arching habit
- Copper coloured strappy foliage
- Low maintenance

Uses: Landscapes, Large containers

Spathiphyllum - Petite

- Glossy green foliage
- Bushy compact habit
- Landscape favourite
- Low maintenance
- Drought tolerant

Uses: Indoors, patio pots

Syngonium Sunshine Speckle
Syngonium podophyllum
- Compact clumping habit
- Dark pinkish, purple colour foliage
- Requires filtered sun to shade
- Quick growing in winter months
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets and terrariums

Syngonium Golden Illusion
Syngonium podophyllum
- Compact clumping habit
- Dark pinkish, purple colour foliage
- Requires filtered sun to shade
- Quick growing in winter months
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets and terrariums

Syngonium Maria
Syngonium podophyllum
- Compact clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Fast growing
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets and terrariums

Syngonium Berry
Syngonium podophyllum
- Compact clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Fast growing
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets and terrariums

Syngonium Robusta
Syngonium podophyllum
- Compact clumping habit
- Dainty foliage with a pink tinge
- Requires filtered sun to shade
- Fast growing
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets and terrariums

Syngonium Roxana
Syngonium podophyllum
- Compact clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Quick growing in winter months
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets and terrariums
