AGAPANTHUS CASCADE DIAMOND

Agapanthus hybrid

- Cascading white flowers with a pink tinge
- Clump forming plant
- Heat and drought tolerant
- Very tough and hardy

Uses: Garden beds, containers

H:30cm

NEW

AGAPANTHUS LILIBET

Agapanthus praecox ssp orientale Lilibet

- Small evergreen perennial
- Short strappy blue green foliage
- Bicolour white and violet blue flowers
- Heat and drought tolerant

Uses: Garden beds, containers

H:35cm

AGAPANTHUS SNOWBALL

Agapanthus praecox ssp orientale

- Pure white flower heads in warmer months
- Clump forming plant
- Tolerates wide range of soils
- Heat and drought tolerant
- May be divided in winter

Uses: Garden beds, containers

H:40cm

NEW

AGLAONEMA EILEEN

Aglaonema commutatum Eileen

- Speckled rosy pink leaves
- Shade tolerant
- Low maintenance
- Ideal indoor plants

* Note: Poisonous if ingested by humans or animals

Uses: Garden beds, containers

H:30cm

NEW

AGLAONEMA LADY VALENTINE

Aglaonema commutatum Lady Valentine

- Ideal indoor plant
- Green leaves with hot pink speckles
- Low maintenance

* Note: Poisonous if ingested by humans or animals

Uses: Garden beds, containers

H:30cm

NEW

AGLAONEMA NIGHTSPARKLE

Aglaonema commutatum Nightsparkle

- Ideal indoor plant
- Heavily speckled leaves with bright pink midribs
- Low maintenance

* Note: Poisonous if ingested by humans or animals

Uses: Garden beds, containers

H:60cm

NEW

AGLAONEMA RED VALENTINE

Aglaonema commutatum Red Valentine

- Ideal indoor plant
- Green leaves with pink and red highlights
- Low maintenance

* Note: Poisonous if ingested by humans or animals

Uses: Garden beds, containers

H:40cm

NEW

AGLAONEMA SPITFIRE

Aglaonema commutatum Spitfire

- Ideal indoor plant
- Fiery red leaves
- Low maintenance
- Shade Tolerant

* Note: Poisonous if ingested by humans or animals

Uses: Garden beds, containers

H:30cm

ALOCASIA AMAZONICA DWARF

Alocasia x amazonica

- Dark foliage accentuated by white veins
- Ideal indoor plant
- Keep moist

Uses: Garden beds, containers

H:30cm

ALOCASIA BAMBINO

Alocasia esculenta

- Dark foliage accentuated by lime white veins
- Ideal indoor plant
- Keep moist

Uses: Garden beds, containers

H:30cm

NEW

ALOCASIA WENTII

Alocasia wentii

- Tropical perennial
- Large elephant ear shaped foliage
- Green with bronze-purple undersides
- Ideal indoor plant

Uses: Garden beds, containers

H:400cm

NEW

ALOCASIA ZEBRINA

Alocasia zebrina

- Superb house plant
- Striking black and white leaf stalks
- Small arrow shaped leaf
- Keep moist

Uses: Indoor, outdoors above 18c

H:100cm

ALPINIA ZERUMBET VARIEGATA

Alpinia zerumbet

- Double white, frilly flowers appear in spring/summer
- Also known as Shell Ginger
- Tropical looking green & white variegated foliage
- Cold hardy

Uses: Garden beds, containers

H:2-2.5mtrs

NEW

ALPINIA RED RUBIN

Alpinia luteocarpa Red Rubin

- Known as Bamboo Ginger
- Slender dark green leaves, red undersides
- Bicolour white and violet blue flowers
- Heat and drought tolerant

Uses: Garden beds, containers

H:2mtrs

ASTELIA WESTLANDS

Astelia nervosa

- Tussock plant
- Purple-green foliage, turns purple-red in winter
- Drought tolerant
- Cold hardy

Uses: Borders, garden beds, landscapes

H:1.5mtrs

ALSTROEMERIA

ALSTROEMERIA INCA BANDIT

Alstroemeria hybrida

- Red flowers with speckled centres
- Tough, compact garden plant
- Flowers spring - autumn
- Flowers can be used as cuts
- Cut back hard after flowering

Uses: Garden beds, containers

H:30-35cm

ALSTROEMERIA INCA BATTLE

Alstroemeria hybrida

- Purple flowers with speckled centres
- Tough, compact garden plant
- Flowers spring - autumn
- Flowers can be used as cuts
- Cut back hard after flowering

Uses: Garden beds, containers

H:30-35cm

ALSTROEMERIA INCA CORAL

Alstroemeria hybrida

- Coral flowers with speckled centres
- Tough, compact garden plant
- Flowers spring - autumn
- Flowers can be used as cuts
- Cut back hard after flowering

Uses: Garden beds, containers

H:30-35cm

ALSTROEMERIA INCA FIRE

Alstroemeria hybrida

- Deep red flowers
- Tough, compact garden plant
- Flowers spring - autumn
- Flowers can be used as cuts
- Cut back hard after flowering

Uses: Garden beds, containers

H:20-25cm

ALSTROEMERIA INCA GOAL

Alstroemeria hybrida

- Bright pink flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers spring - autumn
- Flowers can be used as cuts
- Cut back hard after flowering

Uses: Garden beds, containers

H:20-25cm

ALSTROEMERIA INCA HUSKY

Alstroemeria hybrida

- Ivory flowers with yellow speckled centres
- Tough, compact garden plant
- Flowers spring - autumn
- Flowers can be used as cuts
- Cut back hard after flowering

Uses: Garden beds, containers

H:20-25cm

ALSTROEMERIA INCA JOLI

Alstroemeria hybrida

- Salmon/Orange flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers spring - autumn
- Flowers can be used as cuts
- Cut back hard after flowering

Uses: Garden beds, containers

H:30-35cm

ALSTROEMERIA INCA VITO

ALSTROEMERIA INCA YUKO

- SMILE: Ivory flowers with yellow speckled centres
- SUNDANCE: Yellow flowers with speckled centres
- SWEETY: Salmon/Orange flowers with speckled yellow centres
- TOTO: White flowers with speckled pink centres
- VITO: Deep red flowers with speckled yellow centres
- YUKO: Hot pink flowers with speckled centres

ANIGOZANTHOS

**ANIGOZANTHOS BUSH
BALLAD**
ramboball (♂)

Anigozanthos humilis x flavidus

- Naturally compact
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:50cm

**ANIGOZANTHOS BUSH
BLITZ**
ramboblitz (♂)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Rich orange flowers with burgundy tinge
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:70cm

**ANIGOZANTHOS BUSH
BONANZA**
rambubona (♂)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Bright yellow flowers with orange-red stems
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:60cm

**ANIGOZANTHOS BUSH
CRYSTAL**
rambostal (♂)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Iridescent crimson flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:80cm

**ANIGOZANTHOS BUSH
DANCE**
rambudan (♂)

Anigozanthos humilis x flavidus

- Naturally compact
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:60cm

**ANIGOZANTHOS BUSH
DIAMOND**
rambodiam (♂)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Rich orange flowers with burgundy tinge
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:60cm

LANDSCAPE SCARLET**
rambovour (♂)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Bright red flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:1.3 - 1.6mtrs

**ANIGOZANTHOS BUSH
FURY**
rambofury (♂)

Anigozanthos humilis x flavidus

- Dark crimson flowers
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:1 - 1.2mtrs

**ANIGOZANTHOS BUSH
INFERNO** (♂)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Bright red flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:60cm

**ANIGOZANTHOS BUSH
PEARL** (♂)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Candy pink flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

☀️ 🌙 H:60cm

**ANIGOZANTHOS
LANDSCAPE GOLD**
ramboneer (D)

Anigozanthos humilis x flavidus

- Upright habit
- Hardy, clump forming perennial
- Golden flowers
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers landscapes

H:1.3 - 1.6mtrs

**ANIGOZANTHOS
LANDSCAPE TANGERINE**
rambolution (D)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Orange flowers with burgundy tinge
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers landscapes

H:1.3 - 1.6mtrs

**ANIGOZANTHOS BUSH
TENACITY**
rambocity (D)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Lime-yellow flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers landscapes

H:70cm

**ANIGOZANTHOS BUSH
VOLCANO**
rambocano (D)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Dark orange, yellow, gold-red tones
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers landscapes

H:80cm

**ANIGOZANTHOS
FROSTY RED** (D)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Scarlet red flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers landscapes

H:60cm

**ANIGOZANTHOS KINGS
PARK FEDERATION FLAME** (D)

Anigozanthos humilis x flavidus

- Strong upright habit
- Hardy, clump forming perennial
- Vivid orange flowers
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers landscapes

H:1mtr

BERRIES

BLACKBERRY CHESTER

Rubus fruticosus "Chester"

- Thornless blackberry variety
- Huge deep black berries
- Harvest in summer
- Heat tolerant
- Can be used indoors

Uses: Herb Garden, Large Container

H:1.5mtrs

BLUEBERRY BRIGHTWELL

Vaccinium ashei

- Deciduous blueberry
- Mid season harvest
- Produces large dark blue fruits
- Suitable for a large garden

Uses: Herb & vegetable garden

H:3mtrs

BLUEBERRY POWDER BLUE

Vaccinium ashei

- Later harvesting variety
- Powdery appearance
- Produces medium sized fruit
- Low chill hours requirement so can be grown in warmer areas such as northern NSW and Qld

Uses: Herb & vegetable garden

H:2mtrs

BLUEBERRY SUNSHINE BLUE

Vaccinium corymbosum

- Low chill variety
- Produce medium sized fruit
- Semi dwarf, semi deciduous variety

Uses: Herb & vegetable garden

H:1.2mtrs

BOYSENBERRY

Rubus ursinus x Rubus idaeus

- One of the largest berries
- cross between a raspberry and a blackberry
- Best grown on a trellis
- Require regular pruning to maintain shape

Uses: Herb & vegetable garden, large containers

H:1.5mtrs

BAMBOO BABY PANDA

Pogonatherum panaceum

- Neat ball shaped habit
- Non-invasive
- Great border plant
- Needs regular watering
- Can be used indoors

Uses: Borders, Indoors, containers

H:50 - 75cm

BEGONIA KOTOBUKI

Begonia rex

- Beautiful multi coloured foliage
- Ideal indoor plant
- Easy care

Uses: Indoors, containers

H:30-45cm

CALATHEA FREDDY

Calathea concinna

- Attractive striped foliage
- Ideal, easy care house plant
- Will grow in low light
- Can be grown outdoors in tropical climates
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

CALATHEA ILLUSTRIS

Calathea illustris

- Attractive striped foliage
- Ideal, easy care house plant
- Will grow in low light
- Can be grown outdoors in tropical climates
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

CALATHEA INSIGNIS

Calathea insignis

- Attractive striped foliage
- Ideal, easy care house plant
- Will grow in low light
- Can be grown outdoors in tropical climates
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:80-100cm

CALATHEA JUNGLE ROSE

Calathea roseopicta

- Attractive foliage
- Ideal house plant, easy care
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:60cm

CALATHEA MAKOYANA

Calathea makoyana

- Pale green foliage, dark green markings
- Ideal house plant, easy care
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Requires filtered light or shade

Uses: Garden beds, containers

H:30-40cm

CALATHEA MEDALLION

Calathea ornata

- Oval shaped striped foliage
- Ideal, easy care house plant
- Grow in low light conditions
- Can be grown outdoors in tropical climates
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

CALATHEA ORBIFOLIA

Calathea orbifolia

- Attractive rounded striped foliage
- Ideal, easy care house plant
- Requires filtered light or shade
- Can grow outdoors in tropical climates

Uses: Garden beds, Indoors, containers

H:30-40cm

CALATHEA ROSEOPICTA

Calathea roseopicta

- Attractive striped foliage
- Ideal, easy care house plant
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:60cm

CALATHEA RUFIBARBA

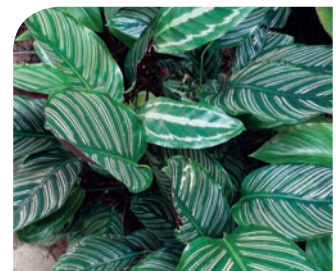

Calathea rufibarba

- Glossy green leaves with purple backs
- Ideal, easy care house plant
- Requires filtered light or shade
- Can grow outdoors in tropical climates

Uses: Garden beds, Indoors, containers

H:30-50cm

CALATHEA SANDERIANA

Calathea majestica sanderiana

- Glossy green leaves with purple undersides
- Ideal, easy care house plant
- Requires filtered light or shade
- Can grow outdoors in tropical climates

Uses: Garden beds, Indoors, containers

H:80-90cm

CALATHEA ZEBRINA

Calathea zebrina

- White with two toned centre
- Tough, compact garden plant
- Flowers spring - autumn
- Flowers can be used as cuts
- Cut back hard after flowering

Uses: Garden beds, Indoors, containers

H:20-25cm

CORDYLIN GREEN MAGIC

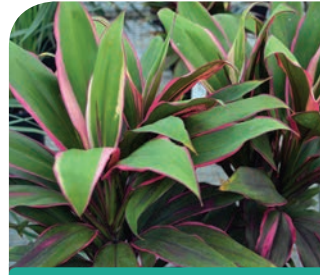

Cordyline australis

- Solid bright green foliage
- Vigorous growth
- Cold hardy

Uses: Landscapes, large containers

H:1.6mtr

CORDYLIN KIW

Cordyline fruticosa

- Bright green leaves with pink and white edging
- Great for adding colour and texture
- Drought tolerant

Uses: Landscapes, large containers

H:.5-1mtr

CORDYLIN MISS ANDREA

Cordyline terminalis

- Bronze-brown foliage with cream stripes
- Specimen plant
- Suitable for indoors
- Low maintenance

Uses: Landscapes, large containers

H:80-1mtr

CORDYLIN RED SENSATION

Cordyline australis

- Long purple-red lance like leaves
- Medium growth
- Drought and cold hardy
- Heat and drought tolerant

Uses: Landscapes, large containers

H:2-2.5mtrs

CORDYLIN SUNDANCE

Cordyline australis

- Straplike leaves striped in green and red
- Medium growth
- Drought and cold hardy

Uses: Landscapes, large containers

H:2-2.5cm

CTENANTHE OPPENHEIMIANA

Ctenanthe oppenheimiana

- Long leathery leaves, cream-silver and green markings
- Undersides of leaves are purple or wine red
- Good foliage plant
- Suitable for shade or indoors

Uses: Landscapes, large containers

H:90-1.2mtrs

CTENANTHE SETOSA

Ctenanthe setosa

- Lovely foliage plant
- Suit a shady spot or indoors
- Silver leaves with bold dark green herringbone pattern

Uses: Landscapes, large containers

H:70-1mtr

DIEFFENBACHIA AMY

DIEFFENBACHIA MARIANA

DIEFFENBACHIA STARBRIGHT

Dieffenbachia maculata

- Attractive foliage
- Ideal indoor plant
- Easy care

* Note: Poisonous if ingested by humans or animals

Uses: Garden beds, containers

H:30-40cm

DIEFFENBACHIA MEMORIA CORSII

Dieffenbachia memoria corsii

- Grey-green foliage, mottled white spots
- Ideal indoor plant
- Easy care

* Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers

H:80-1mtr

DIANELLA SILVER STREAK

Dianella hybrid

DIANELLA SEASPRAY

Dianella Seaspray

- Hardy, easy care plants
- Frost hardy
- Drought tolerant
- Fast growing

Uses: Landscapes, large containers, mixed plantings

H:50cm

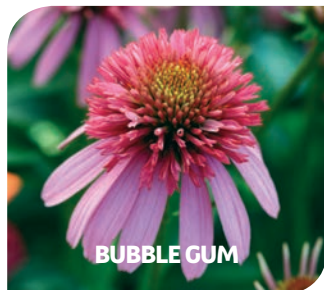

ECHINACEAS

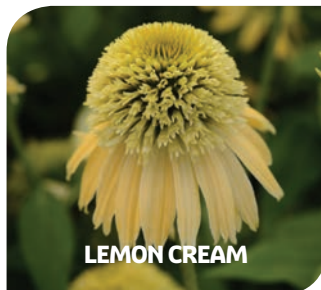

CRANBERRY

MANDARIN

BUBBLE GUM

LEMON CREAM

ORANGEBERRY

RASPBERRY

ECHINACEA DOUBLE SCOOP

Echinacea purpurea x hybrida

Common Name: Coneflower

Blooming Season: Late spring, summer, autumn

Plant Habit: Upright

Spacing: 50-55cm

Height: 55-60cm

Width: 45-50cm

Exposure: Sun

- Double flower form is very eye-catching
- Clean foliage with brilliantly non-fading blooms
- Available as tissue culture raised plugs
- Very hardy plants overwinter

 **Uses:** Landscapes, large containers

ECHINACEA SOMBRERO

Echinacea purpurea x hybrida

Common Name: Coneflower

Blooming Season: Late spring, summer, autumn

Plant Habit: Upright

Spacing: 45-55cm

Height: 55-60cm

Width: 45-50cm

Exposure: Sun

- Sturdy, compact plants, in bright, rich colours
- Clean foliage and brilliantly non-fading blooms
- Available as tissue culture raised plugs
- Winter hardiness and excellent branching

 **Uses:** Landscapes, large containers

FERNS

FERN BIRDS NEST CRISPY WAVE [Ⓢ]

Asplenium nidus

- Attractive, shiny green pleated leaves
- Grows in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:30-40cm

FERN BIRDS NEST

Asplenium nidus

- Attractive, shiny green pleated leaves
- Grows in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:30-40cm

FERN BIRDS NEST CRISSIE CRESTED JAPANESE

Asplenium antiquum Crissie

- Long green fronds
- Frilled tips
- Requires filtered light or shade
- Likes a damp environment

Uses: Garden beds, Indoors, containers

H:30-60cm

FERN BIRDS NEST VICTORIA JAPANESE

Asplenium antiquum Victoria

- Long green curling fronds
- Frilled edges
- Requires filtered light or shade
- Likes a damp environment

Uses: Garden beds, Indoors, containers

H:40-60cm

FERN BLECHNUM SILVER LADY

Blechnum gibbum

- Fast growing, attractive, broad fronds
- Grows in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:1.5mtrs

FERN BLUE STAR

Phlebodium aureum

- Deep bluish-green fronds
- Great ornamental value
- Requires filtered light or shade
- Foliage suitable for floristry

Uses: Garden beds, Indoors, containers

H:40-50cm

FERN BOSTON

Nephrolepis exaltata

- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

FERN BOSTON BLUE BELL

Nephrolepis exaltata

- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

FERN BOSTON FLUFFY RUFFLES

Nephrolepis exaltata

- Foliage remains deep green
- Fronds have a ruffled effect
- Great ornamental value
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

FERN BOSTON MONTANA

Nephrolepis exaltata

- Deep green foliage
- Compact habit
- Strong indoor performance
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

NEW

FERN BOSTON TEDDY JUNIOR

Nephrolepis exaltata

- Fronds start light green, become darker as they age
- Attractive specimen
- Compact Boston type
- Requires filtered light or shade

Uses: Garden beds, indoors, containers

H:35-40cm

NEW

FERN COTTON CANDY

Nephrolepis exaltata

- Dark green, lacy leaflets
- Attractive specimen
- Compact habit, dense foliage
- Requires filtered light or shade

Uses: Hanging basket, large container

H:30cm

FERN DUFFII

Nephrolepis cordifolia

- Vigorous tough compact
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, indoors, containers

H:30cm

FERN ELKHORN

Platycterium bifurcatum

- Multiple rosette of foliage
- Likes high humidity
- Easy to grow and care for
- Water heavily, let dry out before next heavy watering
- Requires good drainage

Uses: Shaded areas, outdoors

H:Variable

FERN EMERALD QUEEN

Nephrolepis obliterated

- Vigorous tough compact
- Will grow in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade will tolerate sun

Uses: Garden beds, indoors, containers

H:40-50cm

NEW

FERN KANGAROO

Microsorium diversifolium

- Firm leathery fronds, variable in size and shape
- Cut back dead fronds at soil level
- Foliage suitable for floristry
- Shade tolerant

Uses: Hanging Basket, Large Containers

H:15-30cm

FERN LEATHERLEAF

Rumohra adiantiformis

- Dark green glossy long fronds
- Will grow in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, indoors, containers

H:60-1mtr

NEW

FERN POM POM

Nephrolepis exaltata

- Beautiful deep green fronds form a large pom pom shape
- Low maintenance
- Shade tolerant

Uses: Garden beds, indoors, containers

H:40-50cm

FERN RABBITS FOOT

Davallia feejensis

- Elegant lacy fronds
- Lush mounded habit
- Low maintenance
- Attractive brown furry rhizomes

Uses: Hanging baskets, large containers

H:30-40cm

FERN RABBITS FOOT WHITE

Humata tyermanii

- Compact upright fern
- Soft dark green fronds
- Lush mounded habit
- Low maintenance
- Attractive white furry rhizomes

Uses: Hanging baskets, large containers

H:30-50cm

NEW

FERN STINGRAY

Rumohra adiantiformis

- Dark green glossy long fronds
- Will grow in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, indoors, containers

H:60-1mtr

FICUS BENJAMINA VARIEGATA

Ficus benjamina

- Attractive, glossy green leaves with irregular white margins
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

* Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, outdoors

H:2-2.7mtrs

FICUS BURGUNDY

Ficus elastica

- Broad burgundy foliage
 - May be grown outside in frost free areas
 - Can grow into a large tree
 - Filtered light to bright light
- * Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, outdoors

H:4mtrs

FICUS EVERGREEN

Ficus benjamina

- Attractive, glossy green
 - May be grown outside in frost free areas
 - Can grow into a large tree
 - Filtered light to bright light
- * Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, outdoors

H:Up to 6mtrs

FICUS LYRATA

Ficus lyrata

- Broad rounded foliage
 - May be grown outside in frost free areas
 - Can grow into a large tree
 - Filtered light to bright light
- * Note: Poisonous if ingested by humans or animals

Uses: Garden beds, indoors, containers

H:4.5-6mtrs

FICUS LYRATA BAMBINO

Ficus lyrata

- Compact form of Ficus lyrata
 - Evergreen shrub, upright habit
 - Large glossy rounded leaves
 - Low maintenance
 - Shade tolerant
- * Note: Poisonous if ingested by humans or animals

Uses: Large containers, indoors

H:80-1mtr

FICUS MELONY

Ficus elastica

- Glossy large leaves
 - Greenish-burgundy colour
 - Suitable for low light situations
 - Keep away from direct sun
- * Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, outdoors

H:40cm

FICUS NATASHA

Ficus elastica

- Glossy green leaves
 - Compact habit
 - Suitable for low light situations
 - Keep away from direct sun
- * Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, outdoors

H:40-60cm

FICUS RUBY

Ficus elastica

- New growth starts out red
 - Foliage matures to glossy dark green splashed with cream and tinges of ruby red
 - Can grow into a large tree
 - Filtered light to bright light
- * Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, outdoors

H:2-2.7mtrs

FICUS TINEKE

Ficus elastica

- Broad light green and cream foliage
 - Can grow in frost free areas
 - Flowers from spring through to autumn
 - Can grow into a large tree
- * Note: Poisonous if ingested by humans or animals

Uses: Indoors, containers, outdoors

H:2-2.7mtrs

FITTONIA FIRE

Fittonia verschaffeltii

- Green leaf, thick red veining
- Great indoor plant
- Do not let dry out
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

H:15-20cm

FITTONIA FLAMMULE

Fittonia argyroneura

- Bright-green leaf, pink veining
- Great indoor plant
- Do not let dry out
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

H:15-20cm

FITTONIA FLAMING FIRE

Fittonia argyroneura

- Dark-green leaf, rose veining
- Great indoor plant
- Do not let dry out
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

H:15-20cm

FITTONIA FOREST

Fittonia verschaffeltii

- Pink leaf with green edging
- Great indoor plant
- Do not let dry out
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

H:15-20cm

NEW

FITTONIA SNOW ANNE

Fittonia verschoffeltii

- Green leaf, broad white veining
- Great indoor plant
- Do not let dry out
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

H:30-40cm

NEW

FITTONIA WHITE ANGEL

Fittonia verschoffeltii

- Green leaf, white veining
- Great indoor plant
- Do not let dry out
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

H:30-50cm

HAKONECHLOA ALL GOLD

Hakonechloa macro

- Dwarf mounded habit
- Slow growing
- Sculptural foliage
- Accent plant

Uses: Borders, containers, landscapes

H:30-45cm

HAKONECHLOA AUREOLA

Hakonechloa macro

- Mounded habit
- Arching stems
- Slow growing
- Sculptural foliage
- Accent plant

Uses: Borders, containers, landscapes

H:30-60cm

HAKONECHLOA MACRA GREEN

Hakonechloa macro

- Mounded habit
- Arching stems
- Slow growing
- Sculptural foliage
- Accent plant

Uses: Borders, containers, landscapes

H:30-45cm

NEW

HOSTA LOYALIST

Hosta fortunei

- Green foliage with white margin
- Mound-like growing habit
- Hardy, dormant in autumn
- Prefers moist, well-drained soil
- White flowers in summer

Uses: Garden beds, containers, shady areas

H:45-50cm

HOSTA MINUTEMAN

Hosta x Minuteman

- Blue-green leaves with wide white margins
- Flowers appear in late spring
- Mound-like growing habit
- Hardy, dormant in autumn
- Prefers moist, well-drained soil

Uses: Garden beds, containers, shady areas

H:50-55cm

NEW

HOSTA ORANGE MARMALADE

Hosta sieboldiana

- Blue green foliage with a yellow heart
- Pink flowers in summer
- Low maintenance
- Shade tolerant
- Prefers moist, well-drained soil

Uses: Garden beds, indoors, containers

H:50-60cm

NEW

HOSTA REMEMBER ME

Hosta tardiana

- Cream foliage, deep green edges
- Low maintenance
- Shade tolerant
- Prefers moist, well-drained soil

Uses: Hanging baskets, large containers

H:40-50cm

NEW

HOSTA SARA'S SENSATION

Hosta sieboldiana

- Lime-green foliage with deep-green centres
- Low maintenance
- Shade tolerant
- Prefers moist, well-drained soil

Uses: Hanging baskets, large containers

H:45-50cm

KNAUTIA THUNDER AND LIGHTNING

Knautia macedonica

- Clumping habit
- Hot pink flowers on tall stems
- Variegated foliage
- Feature plant

Uses: Indoors, large containers

H:45cm

KNIPHOFIA ECHO ROJO

Kniphofia uvaria

- Mounded grassy habit
- Showy orange flower spikes
- Drought tolerant
- Cut flower
- Feature plant

Uses: Borders, garden beds

H:30-40cm

KNIPHOFIA ECHO MANGO

Kniphofia uvaria

- Mounded grassy habit
- Showy apricot flower spikes
- Drought tolerant
- Cut flower
- Feature plant

Uses: Borders, garden beds

H:45-60cm

KNIPHOFIA GREEN JADE

Kniphofia uvaria

- Mounded grassy habit
- Showy pale green flower spikes
- Drought tolerant
- Cut flower
- Feature plant

Uses: Borders, garden beds

H:1-1.3mtrs

LIRIOPE JOY MIST

Liriope muscari

- Very hardy landscape plant
- Dense evergreen clumping
- Blue flower spikes throughout summer months
- Drought tolerant

Uses: Borders, garden beds, containers

H:30-50cm

LOMANDRA LIL PAL

Lomandra confertifolia

- Small hardy landscape plant
- Clumping tufted habit with narrow grey green leaves
- Tolerates a wide range of climates
- Drought tolerant

Uses: Borders, garden beds, containers, landscapes

H:80-1mtr

LOMANDRA LIME DIVINE

Lomandra confertifolia

- Small hardy landscape plant
- Bright yellow flowers in spring summer
- Tolerates a wide range of climates
- Drought tolerant

Uses: Borders, garden beds, containers

H:60cm

LOMANDRA LITTLE CON

Lomandra confertifolia

- Small hardy landscape plant
- Clumping habit
- Pale pink flower spikes throughout summer months
- Tolerates a wide range of climates
- Drought tolerant

Uses: Borders, garden beds, containers

H:30-50cm

NANDINA CITYLIGHT

Nandina domestica

- Forms a small evergreen shrub
- Great landscape plant
- Heat and cold tolerant
- Drought tolerant

Uses: Indoors, containers, outdoors

H:30-35cm

NANDINA FILAMENTOSA

Nandina filamentosa

- Forms a small evergreen shrub
- Foliage starts reddish then changes to orange, bronze and purplish red in autumn and winter
- Heat and cold tolerant
- Drought tolerant

Uses: Garden beds, containers, landscapes

H:60-90cm

NANDINA FIREPOWER

Nandina domestica nana

- Forms a small evergreen shrub
- Changing foliage colour, turning bright red in winter
- Heat and cold tolerant

Uses: Garden beds, containers, landscapes

H:60-90cm

NANDINA MOON BAY

Nandina domestica

- Forms a small evergreen shrub
- New foliage is yellow and lime-green. Turns red, yellows, burgundy and apricot as seasons progress
- Landscape favourite
- Heat, drought and cold tolerant

Uses: Garden beds, containers, landscapes

H:60-75cm

Pelargonium splendide

- Evergreen shrub, silvery foliage
- Red upper petals with a black spot at base, lower petals are white
- Hardy, low maintenance
- Remove spent flowers for new growth

Uses: Garden beds, containers, landscapes

H:60-1mtr

NEW

PEPEROMIA ALBO MARGINATA

Peperomia obtusifolia

- Variegated form with pale lemon-yellow leaves, deepening in colour as they age
- Filtered light
- Ideal indoor plant

Uses: Indoors, ground cover, containers

H:25cm

NEW

PEPEROMIA EMERALD

Peperomia caperata

- Easy to grow, compact variety
- Short stems covered by heart-shaped, deeply ridged leaves
- Ideal indoor plant
- Low maintenance

Uses: Small containers

H:15-20cm

NEW

PEPEROMIA LILIAN

Peperomia caperata

- Creamy white flowers stand tall above the foliage
- Easy to grow, compact, short stems
- Heart-shaped, deeply ridged leaves.
- Ideal indoor plant

Uses: Small containers

H:20-25cm

NEW

PEPEROMIA OBTUSIFOLIA

Peperomia obtusifolia

- Thick rounded, leathery leaves
- Filtered light
- Ideal indoor plant

Uses: Indoors, large containers

H:30-60cm

NEW

PEPEROMIA OBTUSIFOLIA JADE

Peperomia obtusifolia

- Thick rounded, leathery leaves
- Jade coloured foliage
- Filtered light
- Ideal indoor plant

Uses: Indoors, large containers

H:30-45cm

NEW

PEPEROMIA SCANDENS

Peperomia obtusifolia

- Ornamental foliage with multiple green shaded margins
- Filtered light
- Ideal indoor plant

Uses: Small containers

H:15-30cm

PHILODENDRON HOPE

Philodendron bipinnatifidum

- Tidy neat growing habit
- Broad dark green glossy foliage
- Requires filtered sun to shade
- Easy care house plant

* Note: Poisonous if ingested by humans or animals.

Uses: Indoors, containers

H:1.5mtrs

NEW

PHILODENDRON IMPERIAL GREEN

Philodendron erubescens

- Fresh lime-green foliage
- Strong compact growth

* Note: Poisonous if ingested by humans or animals.

Uses: Indoors, containers

H:60-90cm

NEW

PHILODENDRON IMPERIAL RED

Philodendron erubescens

- Maroon leaves turning dark glossy green
- Strong compact growth

* Note: Poisonous if ingested by humans or animals.

Uses: Indoors, containers

H:60-90cm

NEW

PHILODENDRON MOONLIGHT

Philodendron erubescens

- Foliage light yellow slowly maturing to a yellow-green
- Requires filtered sun to shade

* Note: Poisonous if ingested by humans or animals.

Uses: Indoors, containers

H:50-60cm

PHILODENDRON PINK PRINCESS

Philodendron erubescens

- Fast growing attractive climber
- Green foliage streaked with pink, burgundy, lavender, purple and cream
- Requires filtered sun to shade

* Note: Poisonous if ingested by humans or animals.

Uses: Indoors, containers

H:Variable

NEW

Philodendron selloum

- Red-brown stems
- Dark green leaves with copper tones
- Requires filtered sun to shade

* Note: Poisonous if ingested by humans or animals.

Uses: Indoors, containers

H:Variable

NEW

PHILODENDRON SHANGRI LA

Philodendron xanadu

- Compact habit
- Glossy green lobed foliage
- Requires filtered light to bright light
- Australian bred

Uses: Containers, landscapes

H:60-75cm

PHILODENDRON XANADU

Philodendron xanadu

- Evergreen low shrub
- Compact tidy growth habit
- Requires filtered light to bright light

Uses: Containers, landscapes

H:60-75cm

PHORMIUM ANNA RED

Phormium tenax

- Fast growing clump forming
- Strappy, glossy maroon purple leaves
- Low maintenance

Uses: Borders, large containers, landscapes, pool areas

H:1.5mtrs

PHORMIUM BRONZE BABY

Phormium tenax

- Compact upright arching habit
- Copper coloured strappy foliage
- Low maintenance

Uses: Borders, large containers, landscapes

H:1.5mtrs

PHORMIUM PINK BRIGHT BRONZE

Phormium tenax

- Fast growing clump forming
- Strappy, glossy maroon purple leaves
- Low maintenance

Uses: Borders, large containers, landscapes, pool areas

H:150cm

NEW

SCHEFFLERA AMATE

Schefflera amarte

- Glossy green leaves
- Ideal indoor plant
- Tolerates a wide range of climates
- Can become a tree in tropical areas

Uses: Indoors, Large containers

H:Variable

NEW

SPATHIPHYLLUM CHICO

Spathiphyllum wallisii

- Shiny dark-green foliage
- Bushy upright habit
- Crisp white flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, containers, outdoors

H:80-1mtr

NEW

SPATHIPHYLLUM CUPIDO

Spathiphyllum wallisii

- Glossy green foliage
- Bushy compact habit
- Crisp white broad flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, patio containers

H:60-90cm

NEW

SPATHIPHYLLUM PABLO

Spathiphyllum wallisii

- Glossy green foliage
- Dense compact habit
- Clean white flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, patio containers

H:60-90cm

NEW

SPATHIPHYLLUM STEPHANIE

Spathiphyllum Stephanie

- Glossy green foliage
- Bushy compact habit
- Crisp white flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, patio containers

H:70-1mtr

NEW

SPATHIPHYLLUM SWEET ROMANO

Spathiphyllum Sweet Romano

- Glossy green foliage
- Bushy upright habit
- Crisp white flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, patio containers

H:60-1mtr

SYNGONIUM BERRY

Syngonium podophyllum

- Compact clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Fertilise regularly
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets, groundcover, landscapes

H:60cm

SYNGONIUM MARIA

Syngonium podophyllum

- Compact habit
- Dark pinkish-purple colour foliage
- Requires filtered sun to shade
- Quick growing in winter months
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets, groundcover, landscapes

H:60cm

SYNGONIUM NEON

Syngonium podophyllum

- Compact habit
- Pink-green foliage
- Requires filtered sun to shade
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets, groundcover, landscapes

H:60cm

SYNGONIUM PIXIE

Syngonium podophyllum

- Compact, clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets, groundcover, landscapes

H:60cm

SYNGONIUM RED HEART

Syngonium podophyllum

- Mounded habit
- Arching stems
- Slow growing
- Sculptural foliage
- Accent plant

Uses: Borders, containers, landscapes

H:30-45cm

SYNGONIUM ROBUSTA

Syngonium podophyllum

- Green foliage with white margin
- Mound-like growing habit
- Hardy, dormant in autumn
- Prefers moist, well-drained soil
- White flowers in summer

Uses: Garden beds, containers, shady areas

H:45-50cm

SYNGONIUM ROXANA

Syngonium podophyllum

- Compact, clumping habit
- Cream foliage, green variegation
- Requires filtered sun to shade
- Frost tender, needs a min. temp 15°C.

Uses: Indoor pots, hanging baskets, groundcover, landscapes

H:40-60cm

SYNGONIUM WHITE BUTTERFLY

Syngonium podophyllum

- Good compact clumping habit
- Requires filtered sun to shade
- Excellent ornamental plant
- Frost tender, needs a min temp 15 degrees C.

Uses: Indoor pots, hanging baskets, terrariums

H:50-60cm

NEW

TUPIDANTHUS CALYPTRATUS

Tupidanthus calyptratus

- Fast growing
- Evergreen tropical shrub or tree
- Long oblate leaves

Uses: Patios, Indoors, Outdoors

H:Variable

SYNGONIUMS

* Note: Syngoniums are Poisonous if ingested by humans or animals

Tissue Culture varieties available in a 105 size tray PLUS a label for each variety is available from Norwood

SUCCULENTS

ALOE DOROTHEA

Aloe dorothea

- Pretty orange flowers in winter
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-30cm

ALOE PINK BLUSH

Aloe 'Pink Blush'

- Dark and light green fleshy foliage with pink edges
- Orange flowers in late winter
- Low water needs
- Easy care

Uses: Garden beds, containers

H:25-30cm

ALOE POLYPHYLLA

Aloe polyphylla

- Spectacular foliage
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-30cm

ALOE SPECKLED

Aloe maculata

- Deep green fleshy stems with cream splashes and pink edges
- Low water needs
- Easy care

Uses: Garden beds, containers

H:30-50cm

ALOE VERA

Aloe vera

- Medicinal properties
- Coral coloured flowers
- Low water needs
- Easy care

Uses: Garden beds, containers

H:60-100cm

COTYLEDON BEAR PAWS

Cotyledon tomentosa

- Leaves are flat and hairy with red teeth on the edges
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-50cm

COTYLEDON KERMIT

Cotyledon macra

- Suited for indoors or outdoors
- Pale orange flowers in winter
- Low water needs
- Easy care

Uses: Garden beds, containers

H:80-100cm

COTYLEDON MACRANTHA

Cotyledon macrantha

- Green paddle like leaves with red margins
- Orange-red flowers in winter
- Low water needs
- Easy care

Uses: Garden beds, containers

H:60-1mtr

CRASSULA BUDDHA'S TEMPLE

Crassula 'Buddha's Temple'

- Flat, thin silvery-grey leaves
- Tightly stacked in columns
- Develops spherical red, orange or white flowers
- Low water needs
- Easy care

Uses: Garden beds, containers

H:10-15cm

CRASSULA CAMPFIRE

Crassula capitella

- Eye catching foliage
- Foliage turns bright red in winter
- Low water needs
- Easy care

Uses: Garden beds, containers

H:30cm

CRASSULA TOM THUMB

Crassula 'Tom Thumb'

- Tiny, triangular leaves
- Mint green foliage with red edges
- White flowers in spring
- Low water needs
- Easy care

Uses: Garden beds, containers

H:12-15cm

ECHEVERIA BARON BOLD

Echeveria hybrid

- Interesting foliage
- Bold statement plant
- Low water needs
- Easy care

Uses: Garden beds, containers

H:30cm

ECHEVERIA BIG RED

Echeveria hybrid

- Foliage colour changes - green in summer, deep wine-red in winter
- Low water needs
- Easy care

Uses: Garden beds, containers

H:30cm

ECHEVERIA BLACK KNIGHT

Echeveria 'Black Knight'

- Burgundy-black foliage
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

ECHEVERIA BLACK PRINCE

Echeveria 'Black Prince'

- Slow and low growing
- Short rosettes with dark-blackish leaves
- Dark red flowers in autumn/winter
- Easy care

Uses: Garden beds, containers

H:10-15cm

ECHEVERIA BLUE CURLS

Echeveria 'Blue Curls'

- Frilly-edged aqua blue-green leaves
- Pink edges in spring/autumn
- Reddish-pink flowers in summer
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-25cm

ECHEVERIA BLUE METAL

Echeveria 'Blue Metal'

- Blue to purple foliage
- Turns red-burgundy with age
- Low water needs
- Easy care

Uses: Garden beds, containers

H:25-30cm

ECHEVERIA COLORATA

Echeveria colorata

- Silvery upright leaves
- Fine points edged in red
- Pink flowers summer/autumn
- Low water needs
- Easy care

Uses: Garden beds, containers

H:30-40cm

ECHEVERIA DICK'S PINK

Echeveria 'Dick's Pink'

- Blue-green with bright pink edges
- Stunning colour in summer
- Low water needs
- Easy care

Uses: Garden beds, containers

H:25-30cm

ECHEVERIA DOMINGO

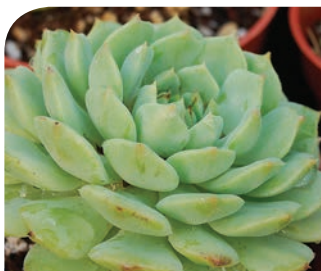

Echeveria Domingo

- Silver-grey foliage
- Low water needs
- Filtered light
- Easy care

Uses: Garden beds, containers

H:20cm

ECHEVERIA DONDO

Echeveria Dondo

- Grey-green leaves
- Yellow-orange flowers late winter/spring
- Filtered light
- Easy care

Uses: Garden beds, containers

H:25cm

ECHEVERIA ELEGANS

Echeveria elegans

- Blue-grey foliage, slight pink edges
- Pink flowers with yellow tips
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20cm

ECHEVERIA FIRECRACKER

Echeveria setosa

- Spoon shaped green leaves covered in white hairs
- Red flowers with white tips
- Low water needs
- Easy care

Uses: Garden beds, containers

H:5-10cm

ECHEVERIA FIRE AND ICE

Echeveria subrigida

- Blue-green with red frilled edge
- Low water needs
- Filtered light
- Easy care

Uses: Garden beds, containers

H:30cm

NEW

ECHEVERIA IMBRICATA

Echeveria x imbricata

- Flat grey-green leaves with red tips
- Red and yellow flowers in spring/summer
- Low water needs
- Easy care

Uses: Garden beds, containers

H:10-15cm

ECHEVERIA MAUNA LOA

Echeveria Mauna Loa

- Frilled rosettes change colour bright light
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-30cm

NEW

ECHEVERIA MORNING BEAUTY

Echeveria subsessilis

- Grey-blue rosettes
- Pink margins
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

ECHEVERIA PAINTED LADY

Echeveria nodulosa

- Rosettes of olive green leaves with vivid red margins
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-30cm

ECHEVERIA PERLE VON NURNBERG

Echeveria Pearl Von Nurnberg

- Grayish brown foliage with pink highlights
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

ECHEVERIA RAINDROPS

Echeveria Raindrops

- Unusual leaves with bumps resembling water droplets
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

ECHEVERIA TOPSY TURVY

Echeveria Raindrops

- Unusual leaves with bumps resembling water droplets
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

NEW

ECHEVERIA VIOLET QUEEN

Echeveria 'Violet Queen'

- Grey-blue rosettes
- Pink edges
- Low water needs
- Easy care

Uses: Garden beds, containers

H:12-15cm
