

# Tissue Culture

*assortment*

**Agapanthus Cascade Diamond**  
*Agapanthus hybrid*

- Clump forming plant
- Heat and drought tolerant
- Very tough and hardy
- Double white frilly flowers in early summer

**Uses:** Garden beds, containers

☀️ 🌙 📏 30cm

**Agapanthus Snowball**  
*Agapanthus praecox ssp orientale*

- Pure white flower heads in warmer months
- Clump forming plant
- Tolerates wide range of soil types
- Heat and drought tolerant
- May be divided in winter

**Uses:** Garden beds, containers

☀️ 🌙 📏 40cm

**Aloe Dorothea**  
*Aloe dorothea*

- Pretty orange flowers in winter
- Low water needs
- Filtered light
- Easy care

**Uses:** Indoors, containers

☀️ 🌙 📏 20-25cm

**Apinia Zerumbet Variegata**  
*Alpinia zerumbet*

- Double white, frilly flowers appear in spring/summer.
- Also known as Shell Ginger
- Tropical looking green & white variegated foliage
- Cold hardy

**Uses:** Indoors, containers

☀️ 🌙 📏 20-25cm

**Alocasia Bambino**  
*Alocasia esculenta*

- Dark foliage accentuated by white veins
- Ideal indoor plant
- Keep moist

**Uses:** Indoors, outdoors in warm areas above 18c

☀️ 🌙 📏 40cm

**Alocasia Dwarf Amazonica**  
*Alocasia x amazonica*

- Dark foliage accentuated by lime white veins
- Ideal indoor plant
- Keep moist

**Uses:** Indoors, outdoors in warm areas above 18c

☀️ 🌙 📏 30cm

**Alocasia Green Bambino**  
*Alocasia x amazonica*

- A dwarf variety
- Dark foliage accentuated by soft lime green veins
- Ideal indoor plant
- Keep moist

**Uses:** Indoors, outdoors in warm areas above 18c

☀️ 🌙 📏 30cm

### Alstroemeria Inca Avanti

*Alstroemeria hybrida*

- Salmon coloured flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Goal

*Alstroemeria hybrida*

- Bright pink flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Husky

*Alstroemeria hybrida*

- Ivory and orange flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Noble

*Alstroemeria hybrida*

- Purple flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Smile

*Alstroemeria hybrida*

- Creamy white flowers with a pink blush and speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Sweety

*Alstroemeria hybrida*

- White and pink flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Joli

*Alstroemeria hybrida*

- Salmon/orange flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Lake

*Alstroemeria hybrida*

- Lilac/purple flowers with speckled yellow centres
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Lolly

*Alstroemeria hybrida*

- Bright pink flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Toto

*Alstroemeria hybrida*

- White and watermelon coloured flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Vito

*Alstroemeria hybrida*

- Bright red flowers with a speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

### Alstroemeria Inca Yuko

*Alstroemeria hybrida*

- Bright pink flowers with a soft yellow speckled centre
- Tough, compact garden plant
- Flowers from spring through to autumn
- Flowers can be used as cuts
- Cut back hard after flowering

**Uses:** Garden beds, containers

**Anigozanthus Bush Diamond**

*rambodiam (l)*  
*Anigozanthus humilis x flavidus*

- Naturally compact
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn
- Suitable for small pot production

**Uses:** Garden beds, containers, landscapes

**Anigozanthus Bush Gold**

*Anigozanthus humilis x flavidus*

- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

**Uses:** Garden beds, containers, landscapes

**Anigozanthus Bush Inferno**

*bush inferno (l)*  
*Anigozanthus humilis x flavidus*

- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Perfect patio plant
- Flowers from spring through to autumn

**Uses:** Garden beds, containers, landscapes

**Anigozanthus Bush Tenacity**

*rambocity (l)*  
*Anigozanthus humilis x flavidus*

- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

**Uses:** Garden beds, containers, landscapes

**Anigozanthus Bush Volcano**

*rambocano (l)*  
*Anigozanthus humilis x flavidus*

- Great landscape performer
- Hardy, clump forming perennial
- Dark orange, yellow, gold and red tones
- Good disease resistance
- Flowers from spring through to autumn

**Uses:** Garden beds, containers, landscapes

**Anigozanthus Frosty Red**

*Anigozanthus rufus (l)*

- New release \ Local breeding
- Forms a large clump
- Long lived scarlet red flowers spring through autumn
- Disease resistant
- Easy care

**Uses:** Garden beds, containers, landscapes

**Anigozanthus Bush Pearl**

*bush pearl (l)*  
*Anigozanthus humilis x flavidus*

- Great landscape performer
- Naturally compact
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

**Uses:** Garden beds, containers, landscapes

**Anigozanthus Bush Pizzazz**

*rambozazz (l)*  
*Anigozanthus humilis x flavidus*

- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Plant en masse for great effect
- Flowers from spring through to autumn

**Uses:** Garden beds, containers, landscapes

**Anigozanthus Bush Ranger**

*Anigozanthus humilis x flavidus*

- Great landscape performer
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

**Uses:** Garden beds, containers, landscapes

### Bamboo Baby Panda

*Pogonatherum panaceum*

- Neat ball shaped habit
- Non-invasive
- Great border plant
- Needs regular watering
- Can be used indoors

**Uses:** Borders, indoors, containers

### Begonia Kotobuki

*Begonia rex*

- Beautiful multi coloured foliage
- Ideal indoor plant
- Easy care

**Uses:** Indoors, containers

### Calathea Dottie

*Calathea roseopicta*

- Attractive dark foliage
- Ideal house plant
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Easy care
- Requires filtered light or shade

**Uses:** Garden beds, containers, indoors

### Calathea Makoyana

*Calathea makoyana*

- Patterned foliage with contrasting underside
- Ideal house plant, easy care
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Requires filtered light or shade

**Uses:** Garden beds, containers

### Calathea Medallion

*Calathea ornata*

- Attractive oval shaped striped foliage
- Ideal house plant
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Easy care
- Requires filtered light or shade

**Uses:** Garden beds, containers

### Calathea Orbifolia

*Calathea orbifolia*

- Attractive rounded striped foliage
- Ideal house plant
- Will grow in low light conditions
- Can grow outdoors in tropical climates
- Easy care
- Requires filtered light or shade

**Uses:** Garden beds, containers

### Calathea Freddy

*Calathea concinna*

- Attractive striped foliage
- Ideal house plant
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Easy care
- Requires filtered light or shade

**Uses:** Garden beds, containers, indoors

### Calathea Illustris

*Calathea illustris*

- Attractive striped foliage
- Ideal house plant
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Easy care
- Requires filtered light or shade

**Uses:** Garden beds, containers

### Calathea Insignis

*Calathea insignis*

- Attractive striped foliage
- Ideal house plant
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Easy care
- Requires filtered light or shade

**Uses:** Garden beds, containers

### Calathea Rufibarba

*Calathea rufibarba*

- Glossy green leaves with purple backs
- Ideal house plant
- Will grow in low light conditions
- Can grow outdoors in tropical climates
- Easy care
- Requires filtered light or shade

**Uses:** Garden beds, containers

### Calathea Zebrina

*Calathea zebrina*

- Attractive striped foliage
- Ideal house plant
- Will grow in low light conditions
- Can be grown outdoors in tropical climates
- Easy care
- Requires filtered light or shade

**Uses:** Garden beds, containers

### Colocasia Black Magic

*Colocasia esculenta*

- Large deep purple leaves
- Large indoor plant
- Keep moist
- Filtered light

**Uses:** Indoors, outdoors in warm areas above 18c

**Cordyline Caruba Black**

*Cordyline fruticosa*

- Architectural value
- Fast growing drought tolerant
- Shiny black purple leaves

**Uses:** Landscapes, large containers, mixed containers

**Cordyline Chocolate Queen**

*Cordyline terminalis*

- Architectural value
- Fast growing drought tolerant
- Wide leaves which show green, white, chocolate red and purple as they develop

**Uses:** Landscapes, large containers, mixed containers

**Cordyline Green Star**

*Cordyline australis*

- Solid bright green foliage
- Vigorous growth
- Cold hardy

**Uses:** Landscapes, large containers, mixed containers

**Cordyline Red Edge**

*Cordyline australis*

- Broad leaves
- Vibrant green foliage with red accents
- Vigorous growth
- Very cold hardy

**Uses:** Landscapes, large containers, mixed containers

**Cordyline Red Sensation**

*Cordyline australis*

- Long purple red lance like leaves
- Medium growth
- Drought and cold hardy
- Heat and drought tolerant

**Uses:** Landscapes, large containers, mixed containers

**Cordyline Red Star**

*Cordyline australis*

- Ruby red/burgundy foliage
- Vigorous growth
- Cold hardy

**Uses:** Landscapes, large containers, mixed containers

**Cordyline Kiwi**

*Cordyline fruticosa*

- Bright green leaves with pink and white edging
- Great for adding colour and texture
- Drought tolerant

**Uses:** Indoors, large containers, mixed containers

**Cordyline Lily**

*Cordyline australis*

- Ball Exclusive \ Local breeding
- Broad dark red leaves with lime edging
- Fast growing
- Disease resistant
- Easy care
- Cold hardy

**Uses:** Garden beds, containers, landscapes

**Cordyline Pink Champion**

*Cordyline fruticosa*

- Broad leaves
- Strong variegated pink and red colouration
- Vigorous growth
- Cold hardy

**Uses:** Landscapes, large containers, mixed containers

**Cordyline Red Tropica**

*Cordyline fruticosa*

- Deep burgundy leaves with pink patterns
- Hardy
- Drought tolerant

**Uses:** Landscapes, large containers, mixed containers

**Cordyline Sundance**

*Cordyline australis*

- Straplike leaves striped in green and red
- Medium growth
- Drought and cold hardy

**Uses:** Landscapes, large containers, mixed containers

### Dianella Seaspray

*Dianella Seaspray*

- Hardy native grass
- Blue green foliage
- Frost hardy
- Drought tolerant
- Fast growing
- Easy care

**Uses:** Landscapes, large containers, mixed containers, massed plantings

### Dianella Silver Streak

*Dianella hybrid*

- Attractive clumping habit with variegated leaves
- Frost hardy
- Great landscape plant
- Drought tolerant once established

**Uses:** Landscapes, large containers, mixed containers, massed plantings

### Dieffenbachia Amy

*Dieffenbachia maculata*

- Attractive speckled foliage
- Ideal indoor plant
- Easy care

*\* Note: Poisonous if ingested by humans or animals*

**Uses:** Indoors, containers

### Echeveria Big Red

*Echeveria hybrid*

- Form a rosette up to 50cm across
- Green to bronze leaves with a red margin
- Produces tall flower spikes
- Drought tolerant
- Easy care

**Uses:** Pots, mixed containers, indoors

### Echeveria Black Knight

*Echeveria affinis*

- Form a rosette up to 20cm across
- Stout upright dark brown pointed leaves
- Produces tall flower spikes of red flowers
- Drought tolerant
- Easy care

**Uses:** Pots, mixed containers, indoors

### Echeveria Domingo

*Echeveria hybrid*

- Forms rosettes of powdery green fleshy leaves
- Produces tall flower spikes of orange flowers
- Drought tolerant
- Easy care

**Uses:** Pots, mixed containers, indoors

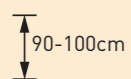

### Dieffenbachia Camilla

*Dieffenbachia maculata*

- Attractive variegated foliage
- Ideal indoor plant
- Easy care

*\* Note: Poisonous if ingested by humans or animals*

**Uses:** Indoors, containers, rockeries

### Dieffenbachia Mariana

*Dieffenbachia maculata*

- Broad leaves, cream centre with a green edge
- Ideal indoor plant
- Easy care

*\* Note: Poisonous if ingested by humans or animals*

**Uses:** Indoors, containers

### Dieffenbachia Starbright

*Dieffenbachia maculata*

- Attractive golden foliage speckled with green
- Ideal indoor plant
- Easy care

*\* Note: Poisonous if ingested by humans or animals*

**Uses:** Indoors, containers

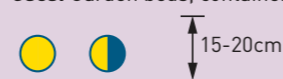

### Echeveria Topsy Turvy

*Echeveria runyonii*

- Long narrow bluish white leaves with a turned up tip
- Produces tall flower spikes of orange flowers
- Drought tolerant
- Easy care

**Uses:** Garden beds, containers

### Echeveria Zorro

*Echeveria Zorro*

- Produces a large solitary head up to 40cm across
- Dark purplish red frilly leaves
- Drought tolerant
- Easy care

**Uses:** Garden beds, containers

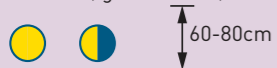

### Euphorbia Dwarf Cream

*Euphorbia millii*

- A slow growing shrub
- Showy flower bracts most of the year
- Green succulent leaves with long thorns
- Tough plant
- Copes with most conditions

\* Note: Poisonous if ingested by humans or animals

**Uses:** Pots, garden beds, indoors

### Euphorbia Dwarf Dark Pink

*Euphorbia millii*

- A slow growing shrub
- Showy flower bracts most of the year
- Green succulent leaves with long thorns
- Tough plant
- Copes with most conditions

\* Note: Poisonous if ingested by humans or animals

**Uses:** Pots, garden beds, indoors

### Ficus Benjamina Variegata

*Ficus benjamina*

- Attractive, glossy green leaves with irregular white margins
- Can be cut back if it gets too large
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

\* Note: Poisonous if ingested by humans or animals

**Uses:** Indoors, large containers, outdoors

### Ficus Ruby

*Ficus elastica*

- New growth starts out red
- Foliage matures to glossy dark green splashed with cream and tinges of ruby red
- Can be cut back if it gets too large
- Can grow into a large tree
- Filtered light to bright light

\* Note: Poisonous if ingested by humans or animals

**Uses:** Indoors, large containers, outdoors

### Ficus Tineke

*Ficus elastica*

- Broad light green and cream foliage
- Can be cut back if it gets too large
- May be grown outside in frost free areas
- Flowers from spring through to autumn
- Can grow into a large tree

\* Note: Poisonous if ingested by humans or animals

**Uses:** Indoors, large containers, outdoors

### Fern - Birds Nest

*Asplenium nidus*

- Long, wavy green fronds form a nest shape
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base

**Uses:** Garden beds, containers, indoors

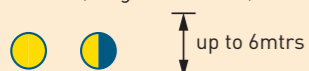

### Ficus Evergreen

*Ficus benjamina*

- Attractive, glossy green leaves
- Can be cut back if it gets too large
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

\* Note: Poisonous if ingested by humans or animals

**Uses:** Indoors, large containers, outdoors

### Ficus Burgundy

*Ficus elastica*

- Broad burgundy foliage
- Can be cut back if it gets too large
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

\* Note: Poisonous if ingested by humans or animals

**Uses:** Indoors, large containers, outdoors

### Ficus Lyrata

*Ficus lyrata*

- Broad rounded foliage
- Can be cut back if it gets too large
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

\* Note: Poisonous if ingested by humans or animals

**Uses:** Indoors, large containers, outdoors

### Fern - Birds Nest Crispy Wave

*Asplenium nidus*

- Attractive, shiny green pleated leaves
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base
- Requires filtered light or shade

**Uses:** Garden beds, containers, indoors

### Fern - Blechnum Silver Lady

*Blechnum gibbum*

- Fast growing fern
- Attractive, broad fronds
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base
- Requires filtered light or shade

**Uses:** Garden beds, containers, landscapes

### Fern - Boston

*Nephrolepis exaltata*

- Fast growing with a highly attractive spreading habit
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade

**Uses:** Garden beds, containers, indoors, hanging baskets

**Fern - Boston Blue Bell**

*Nephrolepis exaltata*

- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade

**Uses:** Garden beds, containers, indoors

**Fern - Boston Macho**

*Nephrolepis biserrata*

- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade

**Uses:** Garden beds, containers, indoors

**Fern - Duffii**

*Nephrolepis cordifolia*

- Vigorous tough compact
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base
- Requires filtered light or shade

**Uses:** Garden beds, containers, indoors

**Fern - Rabbit's Foot White**

*Humata tyermanii*

- Compact upright fern
- Soft dark green fronds
- Lush mounded habit
- Low maintenance
- Attractive white furry rhizomes

**Uses:** Hanging baskets, large containers

**Fern - Staghorn**

*Platycerium bifurcicum*

- Multiple rosette of foliage
- Like high humidity
- Easy to grow and care for
- Water heavily, let dry out before next heavy watering
- Require good drainage

**Uses:** Shaded areas, outdoors

**Fern - Emerald Queen**

*Nephrolepis obliterated*

- Vigorous tough compact
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base
- Requires filtered light or shade will tolerate sun

**Uses:** Garden beds, containers, indoors

**Fern - Leather Leaf**

*Rumohra adiantiformis*

- Dark green glossy long fronds
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base
- Requires filtered light or shade

**Uses:** Garden beds, containers, indoors

**Fern - Rabbit's Foot Fern**

*Davallia feejensis*

- Elegant lacy fronds
- Lush mounded habit
- Low maintenance
- Attractive brown furry rhizomes

**Uses:** Hanging baskets, large containers

**Ginger - Mignight**

*Zingiber malaysianum*

- Shiny, glossy dark chocolate foliage with hints of green and purple
- Will grow in a wide range of conditions
- Hardy and easy to grow
- Protect in winter extremes

**Uses:** Garden beds, containers, indoors

**Ginger - Silver Streaks**

*Zingiber collinsii*

- Attractive green leaves with silver bands
- Beautiful basal flowering in reds and oranges
- Will grow in a wide range of conditions
- Hardy and easy to grow
- Protect in winter extremes

**Uses:** Garden beds, containers, indoors

**Hosta - Minuteman**

*Hosta x Minuteman*

- Blue-green leaves with wide white margins
- Flowers appear in late spring
- Mound-like growing habit
- Hardy, become dormant in autumn
- Prefers moist, well-drained soil

**Uses:** Garden beds, containers, shady areas

**Hosta - Pilgrim**

*Hosta x Pilgrim*

- Heart-shaped grey-green leaves, wide margin changes from yellow to creamy-white in summer
- Flowers appear in late spring
- Mound-like growing habit
- Hardy, become dormant in autumn
- Prefers moist, well-drained soil

**Uses:** Garden beds, containers, shady areas

**Hosta - Showboat**

*Hosta x Showboat*

- Attractive, heart shaped dark-green leaves, wide margin changes from yellow to creamy-white
- Flowers appear in late spring
- Mound-like growing habit
- Hardy, become dormant in autumn
- Prefers moist, well-drained soil

**Uses:** Garden beds, containers, shady areas

**Lomandra - Lime Divine**

LCS5

*Lomandra confertifolia*

- Small hardy landscape plant
- Soft weeping foliage
- Bright yellow flowers in spring summer
- Tolerates a wide range of climates
- Drought tolerant

**Uses:** Landscapes, edging, containers

**Lomandra - Lil Pal**

*Lomandra confertifolia*

- Small hardy landscape plant
- Clumping habit with narrow bright green leaves
- Pale pink flower spikes throughout summer months
- Tolerates a wide range of climates
- Drought tolerant

**Uses:** Landscapes, edging, containers

**Lomandra - Little Con**

*Lomandra confertifolia*

- Small hardy landscape plant
- Clumping habit with narrow bright green leaves
- Pale pink flower spikes throughout summer months
- Tolerates a wide range of climates
- Drought tolerant

**Uses:** Landscapes, edging, containers

**Liriope - Evergreen Giant**

*Liriope muscari*

- Very hardy landscape plant
- Deep green foliage forming dense evergreen clump
- Blue flower spikes throughout summer months
- Drought tolerant

**Uses:** Landscapes, edging, containers

**Lomandra - Frosty Top**

LCS1

*Lomandra confertifolia ssp rubiginosa*

- Small hardy landscape plant
- Clumping tufted habit with narrow grey green leaves
- Tolerates a wide range of climates
- Drought tolerant

**Uses:** Landscapes, edging, containers, rockeries

**Lomandra - Green Gem**

*Lomandra confertifolia subs pallida*

- Small hardy landscape plant
- Clumping tufted habit with narrow grey green leaves
- Tolerates a wide range of climates
- Drought tolerant

**Uses:** Landscapes, edging, containers, rockeries

**Nandina - City Light**

*Nandina domestica*

- Forms a small evergreen shrub
- Great landscape plant
- Heat and cold tolerant
- Drought tolerant

**Uses:** Landscapes, garden beds, containers

**Nandina - Filamentosa**

*Nandina filamentosa*

- Forms a small evergreen shrub
- Foliage starts reddish in colour, then changes to orange, bronze and purplish red in autumn and winter
- Heat and cold tolerant
- Drought tolerant

**Uses:** Landscapes, garden beds, containers

**Nandina - Firepower**

*Nandina domestica nana*

- Forms a small evergreen shrub
- Constantly changing foliage colour, turning bright red in winter
- Heat and cold tolerant
- Drought tolerant

**Uses:** Landscapes, garden beds, containers

### Nandina - Moonbay

*Nandina domestica*

- Forms a small evergreen shrub
- New foliage yellow and lime green, turning to red, yellows, burgundy and apricot as seasons progress
- Landscape favourite
- Heat and cold tolerant
- Drought tolerant

**Uses:** Landscapes, garden beds, containers

### Nandina - White Pearl

*Nandina domestica*

- Forms a small evergreen shrub
- White flowers that appear in summer followed by white, pearl like berries in winter
- Landscape favourite
- Heat and cold tolerant
- Drought tolerant

**Uses:** Landscapes, garden beds, containers

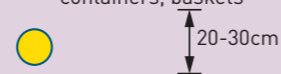

### Pelargonium - Splendide

*Pelargonium splendide*

- Evergreen shrub with silvery foliage
- Butterfly shaped flowers with red upper petals with a black spot at the base, lower petals are white
- Hardy, low maintenance
- Remove spent flowers to encourage new growth
- Full sun

**Uses:** Landscapes groundcover, containers, baskets

### Phormium - Anna

*Phormium tenax*

- Fast growing clump forming phormium
- Strappy, glossy maroon purple leaves
- Low maintenance

**Uses:** Landscapes, Large containers, around pool areas

### Phormium - Bright Bronze

*Phormium tenax*

- Fast growing clump forming phormium
- Strappy, glossy maroon purple leaves
- Low maintenance

**Uses:** Landscapes, Large containers, around pool areas

### Phormium - Bronze Baby

*Phormium tenax*

- Compact upright arching habit
- Copper coloured strappy foliage
- Low maintenance

**Uses:** Landscapes, Large containers

### Philodendron Hope

*Philodendron bipinnatifidum*

- Tidy neat growing habit
- Broad dark green glossy foliage
- Requires filtered sun to shade
- Easy care house plant

**Uses:** Indoors, containers

### Philodendron Pink Princess

*Philodendron erubescens*

- Fast growing attractive climber
- Green foliage streaked with pink, burgundy, lavender, purple and cream
- Requires filtered sun to shade

**Uses:** Indoors, containers

### Philodendron - Xanadu

*Philodendron xanadu*

- Fast growing attractive climber
- Glossy green lobed foliage
- Requires filtered light to bright light

**Uses:** Indoors, large containers

### Spathiphyllum - Petite

*Spathiphyllum petite*

- Glossy green foliage
- Bushy compact habit
- Landscape favourite
- Low maintenance
- Drought tolerant

**Uses:** Indoors, patio pots

### Syngonium Pixie

*Syngonium podophyllum*

- Compact clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Fertilise regularly
- Frost tender, needs a min. temp 15°C.

**Uses:** Landscapes, groundcover, containers, baskets

### Syngonium Berry

*Syngonium podophyllum*

- Compact clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Fertilise regularly
- Frost tender, needs a min. temp 15°C.

**Uses:** Indoor pots, hanging baskets and terrariums

### Syngonium Roxana

*Syngonium podophyllum*

- Compact habit
- Dark pinkish, purple colour foliage
- Requires filtered sun to shade
- Quick growing in winter months
- Frost tender, needs a min. temp 15°C.

**Uses:** Indoor pots, hanging baskets and terrariums

### Syngonium Sunshine Speckle

*Syngonium podophyllum*

- Compact clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Fertilise regularly
- Frost tender, needs a min. temp 15°C.

**Uses:** Indoor pots, hanging baskets and terrariums

### Syngonium Golden Illusion

*Syngonium podophyllum*

- Compact clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Fertilise regularly
- Frost tender, needs a min. temp 15°C.

**Uses:** Indoor pots, hanging baskets and terrariums

### Syngonium Maria

*Syngonium podophyllum*

- Compact habit
- Dark pinkish, purple colour foliage
- Requires filtered sun to shade
- Quick growing in winter months
- Frost tender, needs a min. temp 15°C.

**Uses:** Indoor pots, hanging baskets and terrariums

### Syngonium Robusta

*Syngonium podophyllum*

- Compact habit
- Dainty foliage with a pink tinge
- Requires filtered sun to shade
- Fast growing
- Frost tender, needs a min. temp 15°C.

**Uses:** Indoor pots, hanging baskets and terrariums

### Yucca Colour Guard

*Yucca filamentosa*

- Architectural value in the landscape
- Strong green and yellow variegation
- Very tough and hardy

**Uses:** Indoors, Landscapes and containers

### Yucca Elephantipes

*Yucca elephantipes*

- Architectural value in the landscape
- Drought tolerant
- Very tough and hardy
- Can be grown inside with high light

**Uses:** Landscapes, groundcover, containers, baskets

## Plan ahead

*Sourcing Tissue Culture varieties requires long lead times.*

*Book your orders in as early as possible to avoid*

*disappointment.*

*Ball Australia does its best to secure available stock of all its Tissue Culture varieties, but the product is subject to availability from our suppliers.*

*Not all products will be available all of the time!*
