BONANZA**
rambubona (♂)

Anigozanthos humilis x flavidus

- Great landscape performer
- Hardy, clump forming perennial
- Bright yellow flowers with orange-red stems
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

H:60cm

**ANIGOZANTHOS BUSH
CRYSTAL**
rambostal (♂)

Anigozanthos bicolor x humilis

- Great landscape performer
- Hardy, clump forming perennial
- Iridescent crimson flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

H:80cm

**ANIGOZANTHOS BUSH
DANCE**
rambudan (♂)

Anigozanthos manglesii x viridis

- Naturally compact
- Hardy, clump forming perennial
- Bright red & green flowers
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers
landscapes

H:60cm

**ANIGOZANTHOS BUSH
DIAMOND**
rambodiam (♂)

Anigozanthos humilis x flavidus

- Great landscape performer
- Hardy, clump forming perennial
- Off white flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

H:60cm

**ANIGOZANTHOS BUSH
ELEGANCE**
rambueleg (♂)

Anigozanthos humilis x flavidus x rufus

- Great landscape performer
- Hardy, clump forming perennial
- Red to burgundy flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

H:60cm

**ANIGOZANTHOS BUSH
FIRE** (♂)

Anigozanthos bicolor x humilis x flavidus x viridis

- Hardy, clump forming perennial
- Orange-gold flowers
- Suitable for small pot production
- Flowers from spring through to autumn

Uses: Garden beds, containers
landscapes

H:65cm

**ANIGOZANTHOS BUSH
FLARE** (♂)

Anigozanthos humilis x flavidus x bicolor x preissii

- Hardy, clump forming perennial
- Orange-peach-apricot flowers
- Suitable for small pot production
- Flowers from spring through to autumn

Uses: Garden beds, containers
landscapes

H:65cm

**ANIGOZANTHOS BUSH
FLING** (♂)

Anigozanthos bicolor x humilis

- Suited to pots up to 25cm in size
- Hardy, clump forming perennial
- Orange-peach-apricot flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers
landscapes

H:50cm

**ANIGOZANTHOS BUSH
FURY**
rambofury (♂)

Anigozanthos rufus x flavidus x humilis

- Dark crimson flowers
- Hardy, clump forming perennial
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers
landscapes

H:1 - 1.2mtrs

ANIGOZANTHOS FROSTY RED ^(b)

Anigozanthos hybrid

- Great landscape performer
- Hardy, clump forming perennial
- Scarlet red flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers landscapes

H:60cm

NEW

ANIGOZANTHOS FROSTY YELLOW

Anigozanthos rufus

- Great landscape performer
- Bright golden yellow flowers
- Blue-green foliage
- Heat Tolerant
- Low maintenance

Uses: Garden beds, containers landscapes

H:60cm

ANIGOZANTHOS BUSH GLOW ^(b)

Anigozanthos humilis x viridus

- Hardy, clump forming perennial
- Golden orange flowers
- Suitable for small pot production
- Flowers from spring through to autumn

Uses: Garden beds, containers landscapes

H:60cm

ANIGOZANTHOS BUSH GOLD ^(b)

Anigozanthos humilis x flavidus

- Hardy, clump forming perennial
- Golden flowers
- Good disease resistance
- Flowers from spring through to autumn

Uses: Garden beds, containers landscapes

H:1mtr

ANIGOZANTHOS BUSH INFERNO ^(b)

Anigozanthos humilis x flavidus

- Great landscape performer
- Hardy, clump forming perennial
- Bright red flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers landscapes

H:60cm

ANIGOZANTHOS BUSH JOKER ^(b)

Anigozanthos bicolor x humilis x flavidus

- Hardy, clump forming perennial
- Cherry pink flowers
- Suitable for small pot production
- Flowers from spring through to autumn

Uses: Garden beds, containers landscapes

H:65cm

ANIGOZANTHOS BUSH PEARL ^(b)

Anigozanthos humilis x flavidus

- Great landscape performer
- Hardy, clump forming perennial
- Candy pink flowers
- Good disease resistance
- Flowers spring to autumn

Uses: Garden beds, containers landscapes

H:60cm

ANIGOZANTHOS BUSH PRINCESS ^(b)

Anigozanthos humilis x viridus

- Hardy, clump forming perennial
- Pink-rose flowers
- Suitable for small pot production
- Flowers from spring through to autumn

Uses: Garden beds, containers landscapes

- Firm berries appear on older arching canes
- Juicy, sweet red fruit
- Self pollinating
- Require regular pruning to maintain shape

Uses: Herb & vegetable garden, large containers

H:2mtrs

BUSHEL *and* BERRY

Licensed Program

HOMEGROWN BERRIES

3 DELICIOUS VARIETIES

JELLY BEAN®

'ZF06-179' · AU PATENT: AUPBRAF

Large, flavorful blueberries that taste like sweet homemade blueberry jelly. The foliage has unique, elongated green leaves with highlights of red in cooler climates. Try a mini-hedge along a pathway, in the landscape or in decorative patio containers.

HABIT: Mounded, 30-60cm High	CHILL HOURS: 1,000 Plus
EXPOSURE: Full sun	WATER NEEDS: Moderate
BERRY SIZE: Medium-large	BERRY SEASON: Summer
BERRY FLAVOR: Sweet, homemade jelly	

PEACH SORBET®

'ZF06-043' · AU PATENT: AUPBRAF

Peach Sorbet® is a compact blueberry with stunning peach, pink, orange and emerald green leaves. White bell-shaped flowers in spring lead to an abundant summer crop of blueberries. In most climates, this plant will keep its leaves throughout winter and turn a rich eggplant purple.

HABIT: Mounded, 45-60cm High	CHILL HOURS: 300 or less
EXPOSURE: Full sun	WATER NEEDS: Moderate
BERRY SIZE: Medium	BERRY SEASON: Summer
BERRY FLAVOR: Sweet, tropical essence	

PINK ICING®

'ZF06-079' · AU PATENT: AUPBRAF

Breathtaking foliage colours and large, robust flavored berries. In spring, the foliage has shades of pink, blue and deep greens, which turn a stunning iridescent turquoise blue in winter. Plant this variety in a pot or the landscape for year-round colour and beauty.

HABIT: Mounded, 90-120cm High	CHILL HOURS: 500
EXPOSURE: Full sun	WATER NEEDS: Moderate
BERRY SIZE: Large	BERRY SEASON: Summer
BERRY FLAVOR: Sweet, robust flavor

CORDYLINe RED STAR

Cordyline australis

- Long ruby-red lance like leaves
- Medium growth
- Drought and cold hardy
- Heat and drought tolerant

Uses: Landscapes, large containers

H:2-2.5mtrs

CORDYLINe SUNDANCE

Cordyline australis

- Straplike leaves striped in green and red
- Medium growth
- Drought and cold hardy

Uses: Landscapes, large containers

H:2-2.5cm

CORDYLINe TROPIC SNOW

Cordyline fruticosa

- Upright habit
- Attractive variegated foliage from green to creamy white
- Filtered light
- Ideal house plant

Uses: Indoors, containers

CTENANTHE SETOSA

Ctenanthe setosa

- Lovely foliage plant
- Suit a shady spot or indoors
- Silver leaves with bold dark green herringbone pattern

Uses: Landscapes, large containers

H:70-1mtr

DIANELLA SILVER STREAK

Dianella ensifolia

- Hardy, easy care plants
- Variegated green-yellow foliage
- Frost hardy
- Drought tolerant
- Fast growing

Uses: Landscapes, large containers

H:50cm

DIANELLA LAKEVIEW GREEN

Dianella caerulea

- Bright to mid green foliage
- Neat Habit
- Drought tolerant
- Fast growing

Uses: Landscapes, large containers

H:70cm

DIANELLA MOUNTAIN BREEZE

Dianella revoluta

- Blue-green foliage
- Neat Habit
- Drought tolerant
- Easy care

Uses: Landscapes, large containers

H:60cm

DIEFFENBACHIA AMY

Dieffenbachia maculata

- Attractive foliage
- Ideal indoor plant
- Easy care

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoors, containers

DIEFFENBACHIA MARIANA

Dieffenbachia maculata

- Broad leaves, cream centre with green edge
- Ideal indoor plant
- Easy care

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoors, containers

DIEFFENBACHIA MEMORIA CORSII

Dieffenbachia memoria corsii

- Grey-green foliage, mottled white spots
- Ideal indoor plant
- Easy care

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoors, containers

DIEFFENBACHIA STARBRIGHT

Dieffenbachia maculata

- Attractive golden foliage speckled with green
- Ideal indoor plant
- Easy care

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoors, containers

EPIPREMNUM GREEN

Epipremnum aureum

- Climbing or trailing vine
- Likes indirect light or shade
- Low water requirement
- Low maintenance

Uses: Indoors, containers

EPIPREMNUM MARBLE QUEEN

Epipremnum aureum

- Attractive green and white marbled foliage
- Likes indirect light or shade
- Low water requirement
- Low maintenance

Uses: Indoors, containers

FICUS BENJAMINA VARIEGATA

Ficus benjamina

- Attractive, glossy green leaves with irregular white margins
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoors, containers, outdoors

FICUS BURGUNDY

Ficus elastica

- Broad burgundy foliage
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoors, containers, outdoors

FICUS EVERGREEN

Ficus benjamina

- Attractive, glossy green
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

* Note: Harmful if eaten, skin & eye irritant

Uses: Outdoors, large containers

FICUS LYRATA

Ficus lyrata

- Broad rounded foliage
- May be grown outside in frost free areas
- Can grow into a large tree
- Filtered light to bright light

* Note: Harmful if eaten, skin & eye irritant

Uses: Outdoors, large containers

FICUS LYRATA BAMBINO

Ficus lyrata

- Compact form of Ficus lyrata
- Evergreen shrub, upright habit
- Large glossy rounded leaves
- Low maintenance
- Shade tolerant

* Note: Harmful if eaten, skin & eye irritant

Uses: Outdoors, large containers

FICUS MELANY

Ficus elastica

- Glossy large leaves
- Greenish-burgundy colour
- Suitable for low light situations
- Keep away from direct sun

* Note: Harmful if eaten, skin & eye irritant

Uses: Outdoors, large containers

FICUS ROBUSTA

Ficus elastica

- Glossy green leaves
- Suitable for low light situations
- Can grow into a large tree
- Filtered light to bright light

* Note: Poisonous if ingested by humans or animals

Uses: Outdoors, large containers

FICUS RUBY

Ficus elastica

- New growth starts out red
- Foliage matures to glossy dark green splashed with cream and tinges of ruby red
- Can grow into a large tree
- Filtered light to bright light

* Note: Harmful if eaten, skin & eye irritant

Uses: Outdoors, large containers

FICUS TINEKE

Ficus elastica

- Broad light green and cream foliage
- Can grow in frost free areas
- Can grow into a large tree
- Filtered light to bright light

* Note: Harmful if eaten, skin & eye irritant

Uses: Outdoors, large containers

FITTONIA FLAMING FIRE

Fittonia argyroneura

- Dark-green leaf, rose veining
- Great indoor plant
- Keep moist
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

FITTONIA FLAMMULE

Fittonia verschaffeltii

- Green leaf with bright pink veining
- Great indoor plant
- Keep moist
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

FITTONIA SNOW ANNE

Fittonia verschaffeltii

- Green leaf, broad white veining
- Great indoor plant
- Keep moist
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

FITTONIA WHITE ANGEL

Fittonia verschaffeltii

- Green leaf, white veining
- Great indoor plant
- Keep moist
- Grown for its appealing foliage
- Ideal for terrariums

Uses: Indoors, terrariums, small containers

NEW

HOSTA BEACH BOY

Hosta plantaginea

- Thick yellow-green leaves with narrow blue margin
- Medium-large Hosta
- Prefers moist, well drained soil
- Low maintenance

Uses: Garden beds, containers, shady areas

H:40-50cm

HOSTA LOVALIST

Hosta fortunei

- Green foliage with white heart
- Mound-like growing habit
- Hardy, dormant in autumn
- Prefers moist, well-drained soil
- White flowers in summer

Uses: Garden beds, containers, shady areas

H:45-50cm

HOSTA MINUTEMAN

Hosta fortunei

- Blue-green leaves with wide white margins
- Flowers appear in late spring
- Mound-like growing habit
- Hardy, dormant in autumn
- Prefers moist, well-drained soil

Uses: Garden beds, containers, shady areas

H:50-55cm

HOSTA ORANGE MARMALADE

Hosta sieboldiana

- Blue green foliage with a yellow heart
- Lavender flowers in summer
- Low maintenance
- Shade tolerant
- Prefers moist, well-drained soil

Uses: Garden beds, containers, shady areas

H:50-60cm

HOSTA REMEMBER ME

Hosta tardiana

- Cream foliage, deep green edges
- Low maintenance
- Shade tolerant
- Prefers moist, well-drained soil

Uses: Garden beds, containers, shady areas

H:40-50cm

HOSTA SARA'S SENSATION

Hosta sieboldiana

- Lime-green foliage with deep-green centres
- Low maintenance
- Shade tolerant
- Prefers moist, well-drained soil

Uses: Garden beds, containers, shady areas

H:45-50cm

NEW

HOSTA SO SWEET

Hosta plantaginea

- Green leaves - yellow edge
- Fast grower, medium size
- Fragrant white flowers
- Prefers moist, well drained soil
- Low maintenance

Uses: Garden beds, containers, shady areas

H:40-45cm

NEW

HOSTA VENUS

Hosta plantaginea

- Bright green leaves
- Medium-slow grower, medium size
- Fragrant white flowers
- Prefers moist, well drained soil
- Low maintenance

Uses: Garden beds, containers, shady areas

H:45-50cm

NEW

HYDRANGEA DEEP PURPLE

Hydrangea macrophylla

- Large balls of purple coloured bracts
- Garden plant or indoors
- Shade tolerant
- Prefers moist, well-drained soil

Uses: Garden beds, containers, landscapes

H:50-60cm

KNIPHOFIA ECHO ROJO

Kniphofia uvaria

- Mounded grassy habit
- Showy orange flower spikes
- Drought tolerant
- Cut flower
- Feature plant

Uses: Borders, garden beds

H:1-1.3mtrs

KNIPHOFIA ECHO MANGO

Kniphofia uvaria

- Mounded grassy habit
- Showy apricot flower spikes
- Drought tolerant
- Cut flower
- Feature plant

Uses: Borders, garden beds

H:1-1.3mtrs

KNIPHOFIA GREEN JADE

Kniphofia uvaria

- Mounded grassy habit
- Showy pale green flower spikes
- Drought tolerant
- Cut flower
- Feature plant

Uses: Borders, garden beds

H:1-1.3mtrs

MONSTERA TAUERII

Monstera deliciosa

- Dwarf evergreen tropical shrub
- Interesting perforated foliage
- Good for indoors
- Suit a shady spot outside
- Feature plant

Uses: Indoors, containers, outdoors

LOMANDRA DREAMCATCHER

Lomandra confertifolia x pallida

- Taller lomandra
- Glossy medium width strappy leaves
- Excellent hardy landscape line
- Tolerates a wide range of climates
- Heat tolerant

Uses: Borders, garden beds, containers, landscapes

H:80-90cm

LOMANDRA GREEN ALLURE

Lomandra confertifolia x pallida

- Neat habit
- Glossy, strappy leaves
- Excellent hardy landscape line
- Tolerates a wide range of climates
- Heat tolerant

Uses: Borders, garden beds, containers, landscapes

H:40-50cm

LOMANDRA HIGHLIGHT BRONZE

Lomandra confertifolia

- Compact habit
- Fine leaved variety
- Beautiful bronze coloured foliage
- Tolerates a wide range of climates
- Heat tolerant

Uses: Borders, garden beds, containers, landscapes

H:30-40cm

LOMANDRA HIGHLIGHT OLIVE GREEN

Lomandra confertifolia

- Excellent medium height variety
- Beautiful olive green foliage
- Tolerates a wide range of climates
- Heat tolerant
- Great effect in the landscape

Uses: Borders, garden beds, containers, landscapes

H:50-60cm

LOMANDRA HIGHLIGHT SILVER BLUE

Lomandra confertifolia

- Excellent fine leaf landscape variety
- Striking silvery blue foliage
- Tolerates a wide range of climates
- Drought tolerant

Uses: Borders, garden beds, containers, landscapes

H:50-60cm

LOMANDRA LIL PAL

Lomandra confertifolia

- Small hardy landscape plant
- Clumping tufted habit with narrow grey green leaves
- Tolerates a wide range of climates
- Drought tolerant

Uses: Borders, garden beds, containers, landscapes

H:60-1mtr

LOMANDRA LIME DIVINE

Lomandra confertifolia

- Small hardy landscape plant
- Bright yellow flowers in spring summer
- Tolerates a wide range of climates
- Drought tolerant

Uses: Borders, garden beds, containers, landscapes

H:60cm

LOMANDRA LITTLE CON

Lomandra confertifolia

- Small hardy landscape plant
- Clumping habit
- Pale pink flower spikes throughout summer months
- Tolerates a wide range of climates
- Drought tolerant

Uses: Borders, garden beds, containers, landscapes

H:30-50cm

NANDINA CITYLIGHT

Nandina domestica

- Forms a small evergreen shrub
- Great landscape plant
- Heat and cold tolerant
- Drought tolerant

Uses: Garden beds, containers, landscapes

H:1mtr

NANDINA FILAMENTOSA

Nandina filamentosa

- Forms a small evergreen shrub
- Foliage starts reddish then changes to orange, bronze and purplish red in autumn and winter
- Heat and cold tolerant
- Drought tolerant

Uses: Garden beds, containers, landscapes

H:60-90cm

NANDINA FIREPOWER

Nandina domestica nana

- Forms a small evergreen shrub
- Changing foliage colour, turning bright red in winter
- Heat and cold tolerant

Uses: Garden beds, containers, landscapes

H:60-90cm

NANDINA MOON BAY

Nandina domestica

- Forms a small evergreen shrub
- New foliage is yellow and lime-green. Turns red, yellows, burgundy and apricot as seasons progress
- Landscape favourite
- Heat, drought and cold tolerant

Uses: Garden beds, containers, landscapes

H:60-75cm

PELARGONIUM SPLENDIDE

Pelargonium splendide

- Evergreen shrub, silvery foliage
- Red upper petals with a black spot at base, lower petals are white
- Hardy, low maintenance
- Remove spent flowers for new growth

Uses: Garden beds, containers, landscapes

H:40-60cm

PEPEROMIA ALBO MARGINATA

Peperomia obtusifolia

- Variegated form with pale lemon-yellow margins
- Filtered light
- Hardy, low maintenance
- Ideal indoor plant

Uses: Indoors, ground cover, containers

PEPEROMIA EMERALD

Peperomia caperata

- Easy to grow
- Compact variety with short stems
- Heart-shaped, deeply ridged leaves
- Ideal indoor plant

Uses: Indoors, containers

PEPEROMIA LILIAN

Peperomia caperata

- Creamy white flowers stand tall above the foliage
- Easy to grow, compact, short stems
- Heart-shaped, deeply ridged leaves.
- Ideal indoor plant

Uses: Small containers

PEPEROMIA OBTUSIFOLIA JADE

Peperomia obtusifolia

- Short, broad habit
- Thick rounded, leathery leaves
- Jade coloured foliage
- Filtered light
- Ideal indoor plant

Uses: Indoors, hanging baskets, large containers

PEPEROMIA OBTUSIFOLIA

Peperomia obtusifolia

- Thick rounded, leathery leaves
- Filtered light
- Ideal indoor plant

Uses: Indoors, large containers

PEPEROMIA SCANDENS

Peperomia scandens

- Ornamental foliage with multiple green shaded margins
- Filtered light
- Ideal indoor plant

Uses: Small containers

PHILODENDRON BIRKIN

Philodendron erubescens

- Beautifully patterned leaves
- Compact plant
- Under very high temperatures, patterning may reduce

* Note: Harmful if eaten, skin & eye irritant

Uses: Containers, landscapes, Indoors

NEW

PHILODENDRON BLACK CARDINAL

Philodendron erubescens

- Compact plant
- Bronze green leaves
- Low-growing understory plant
- Easy care house plant

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

PHILODENDRON HOPE

Philodendron bipinnatifidum

- Tidy neat growing habit
- Broad dark green glossy foliage
- Requires filtered sun to shade
- Easy care house plant

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

PHILODENDRON IMPERIAL GREEN

Philodendron erubescens

- Fresh lime-green foliage
- Strong compact growth
- Easy care house plant

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

PHILODENDRON IMPERIAL RED

Philodendron erubescens

- Maroon leaves turning dark glossy green
- Strong compact growth
- Easy care house plant

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

PHILODENDRON MOONLIGHT

Philodendron erubescens

- Foliage light yellow slowly maturing to a yellow-green
- Requires filtered sun to shade

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

PHILODENDRON ROJO CONGO

Philodendron erubescens

- Red-brown stems
- Dark green leaves with copper tones
- Requires filtered sun to shade

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

PHILODENDRON SHANGRI LA (A)

Philodendron bipinnatifidum

- Compact habit
- Glossy green lobed foliage
- Requires filtered to bright light
- Australian bred

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

PHILODENDRON XANADU

Philodendron xanadu

- Evergreen low shrub
- Compact tidy growth habit
- Requires filtered light to bright light

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

NEW

PHILODENDRON FLORIDA BEAUTY

Philodendron pedatum

- Deeply lobed glossy leaves
- Enjoys high humidity
- Ideal house plant

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

NEW

PHILODENDRON FLORIDA BEAUTY VARIEGATED

Philodendron pedatum

- Deeply lobed, attractive variegated foliage
- Enjoys high humidity
- Ideal house plant

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

NEW

PHILODENDRON PANDURIFORME

Philodendron panduriforme

- Deeply lobed attractive foliage
- Enjoys high humidity
- Ideal house plant
- Filtered light

* Note: Harmful if eaten, skin & eye irritant
 Uses: Containers, indoors, landscapes

● ●

PHORMIUM ANNA RED

Phormium tenax

- Fast growing clump forming
- Strappy, glossy maroon purple leaves
- Low maintenance

Uses: Borders, large containers, landscapes, pool areas

● ● Hi:1.5mtrs

PHORMIUM BRONZE BABY

Phormium tenax

- Compact upright arching habit
- Copper coloured strappy foliage
- Low maintenance

Uses: Borders, large containers, landscapes, pool areas

H:1.5mtrs

- Bright green mounded leaves
- Filtered light position
- Will grow toward the light, will benefit from being "turned"
- Easy care

Uses: Indoors, containers

H:40-60cm

SCHEFFLERA AMATE

Schefflera amate

- Glossy green leaves
- Ideal indoor plant
- Tolerates a wide range of climates
- Can become a tree in tropical areas

Uses: Indoors, Large containers

H:Variable

NEW

SPATHIPHYLLUM BENITO

Spathiphyllum wallisii

- Shiny dark-green foliage
- Compact habit
- Long lasting white flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, containers, outdoors

SPATHIPHYLLUM CHICO

Spathiphyllum wallisii

- Shiny dark-green foliage
- Bushy upright habit
- Crisp white flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, containers, outdoors

NEW

SPATHIPHYLLUM FELINA

Spathiphyllum wallisii

- Glossy green foliage
- Landscape favourite
- Low maintenance
- Drought tolerant

Uses: Indoors, containers, outdoors

NEW

SPATHIPHYLLUM JET JUNIOR

Spathiphyllum wallisii

- Glossy green foliage
- Landscape favourite
- Low maintenance
- Drought tolerant

Uses: Indoors, Large containers

NEW

SPATHIPHYLLUM LAURETTA

Spathiphyllum wallisii

- Glossy green foliage
- Landscape favourite
- Low maintenance
- Drought tolerant

Uses: Indoors, containers, outdoors

NEW

SPATHIPHYLLUM MARACAY

Spathiphyllum wallisii

- Big broad green leaves
- Dense bushy habit
- Landscape favourite
- Low maintenance
- Drought tolerant

Uses: Indoors, containers, outdoors

SPATHIPHYLLUM PABLO

Spathiphyllum wallisii

- Glossy green foliage
- Dense compact habit
- Clean white flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, patio containers

NEW

SPATHIPHYLLUM SEBASTIANO

Spathiphyllum wallisii

- Tall plant with large leaves
- Fast grower
- 5-6 big white flowers per plant
- Low maintenance
- Drought tolerant

Uses: Indoors, patio containers

SPATHIPHYLLUM SWEET ROMANO

Spathiphyllum wallisii

- Glossy green foliage
- Bushy upright habit
- Crisp white flowers
- Low maintenance
- Drought tolerant

Uses: Indoors, patio containers

STYLOIDIUM DINOSAUR GRASS PINK-A-SAURUS

Styloidium graminifolium

- Neat mounded habit
- Pink flowers in early spring
- Attracts pollinators

Uses: Small containers, landscapes

H:20-25cm

STYLOIDIUM DINOSAUR GRASS RAPTOR PINK

Styloidium armeria

- Broad leaf with upright habit
- Pink flowers in early spring
- Attracts pollinators

Uses: Small containers, landscapes

H:40-50cm

SYNGONIUM BERRY

Syngonium podophyllum

- Compact clumping habit
- Requires filtered sun to shade
- Fertilise regularly
- Frost tender, needs a min. temp 15°C.

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoor pots, hanging baskets, groundcover, landscapes

SYNGONIUM MARIA

Syngonium podophyllum

- Compact habit
- Dark pinkish-purple colour foliage
- Requires filtered sun to shade
- Quick growing in winter months
- Frost tender, needs a min. temp 15°C.

* Note: Harmful if eaten, skin & eye irritant
Uses: Indoor pots, hanging baskets, groundcover, landscapes

SYNGONIUM NEON

Syngonium podophyllum

- Compact habit
- Pink-green foliage
- Requires filtered sun to shade
- Frost tender, needs a min. temp 15°C.

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoor pots, hanging baskets, groundcover, landscapes

SYNGONIUM PIXIE

Syngonium podophyllum

- Compact, clumping habit
- Dainty foliage
- Requires filtered sun to shade
- Frost tender, needs a min. temp 15°C.

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoor pots, hanging baskets, groundcover, landscapes

SYNGONIUM RED HEART

Syngonium podophyllum

- Compact, clumping habit
- Coral-pink foliage
- Requires filtered sun to shade
- Frost tender, needs a min. temp 15°C.

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoor pots, hanging baskets, groundcover, landscapes

SYNGONIUM ROBUSTA

Syngonium podophyllum

- Compact, clumping habit
- Green foliage with white veining
- Requires filtered sun to shade
- Frost tender, needs a min. temp 15°C.

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoor pots, hanging baskets, groundcover, landscapes

SYNGONIUM ROXANA

Syngonium podophyllum

- Compact, clumping habit
- Cream foliage, pink veining
- Requires filtered sun to shade
- Frost tender, needs a min. temp 15°C.

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoor pots, hanging baskets, groundcover, landscapes

SYNGONIUM WHITE BUTTERFLY

Syngonium podophyllum

- Good compact clumping habit
- Requires filtered sun to shade
- Excellent ornamental plant
- Frost tender, needs a min temp 15 degrees C.

* Note: Harmful if eaten, skin & eye irritant

Uses: Indoor pots, hanging baskets, groundcover, landscapes

TUPIDANTHUS CALYPTRATUS

Tupidanthus calyptratus

- Fast growing
- Evergreen tropical shrub or tree
- Long oblate leaves

Uses: Patios, Indoors, Outdoors

meet our LANDSCAPE HEROES

- Long green curling fronds
- Frilled edges
- Requires filtered light or shade
- Likes a damp environment

Uses: Garden beds, Indoors, containers

H:40-60cm

FERN BLECHNUM SILVER LADY

Blechnum gibbum

- Fast growing, attractive, broad fronds
- Grows in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:1.5mtrs

FERN BLUE STAR

Phlebodium aureum

- Deep bluish-green fronds
- Great ornamental value
- Requires filtered light or shade
- Foliage suitable for floristry

Uses: Garden beds, Indoors, containers

H:40-50cm

FERN BOSTON

Nephrolepis exaltata

- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

FERN BOSTON BLUE BELL

Nephrolepis exaltata

- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

FERN BOSTON FLUFFY RUFFLES

Nephrolepis exaltata

- Foliage remains deep green
- Fronds have a ruffled effect
- Great ornamental value
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:30cm

FERN BOSTON MACHO

Nephrolepis exaltata

- Fast growing, with a dense and compact shape
- Fresh dense green fronds
- Great ornamental value
- Requires filtered light or shade

Uses: Garden beds, Indoors, containers

H:40-50cm

FERN BOSTON MONTANA

Nephrolepis exaltata

- Deep green foliage
- Compact habit
- Strong indoor performance
- Requires filtered light or shade

Uses: Garden beds, indoors, containers

H:40-50cm

FERN BOSTON TEDDY JUNIOR

Nephrolepis exaltata

- Fronds start light green, become darker as they age
- Attractive specimen
- Compact Boston type
- Requires filtered light or shade

Uses: Garden beds, indoors, containers

H:35-40cm

FERN COTTON CANDY

Nephrolepis exaltata

- Dark green, lacy leaflets
- Attractive specimen
- Compact habit, dense foliage
- Requires filtered light or shade

Uses: Hanging basket, large container

H:30cm

FERN CROCODYLLUS

Microsorium musifolium

- Tough, leathery fronds resemble crocodile hide
- Leaves may also be used in cut flower arrangements
- Requires filtered light or shade
- Likes a damp environment

Uses: Hanging baskets, containers garden beds, indoors

H:1mtr

FERN DUFFII

Nephrolepis cordifolia

- Vigorous, tough, compact
- Will grow in a wide range of conditions
- Excellent in a shady damp spot
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, indoors, containers

H:30cm

FERN ELKHORN

Platycterium bifurcatum

- Multiple rosette of foliage
- Likes high humidity
- Easy to grow and care for
- Water heavily, let dry out before next heavy watering
- Requires good drainage

Uses: Shaded areas, outdoors

H:Variable

FERN EMERALD QUEEN

Nephrolepis oblitterata

- Vigorous, tough, compact
- Will grow in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade will tolerate sun

Uses: Garden beds, indoors, containers

H:40-50cm

FERN GREEN FLAME

Microsorium punctatum

- Mounded habit
- Fronds are broad
- Can be used in tropical landscape
- Shade tolerant

Uses: Garden beds, indoors, containers

H:40-50cm

FERN KANGAROO

Microsorium diversifolium

- Firm leathery fronds, variable in size and shape
- Cut back dead fronds at soil level
- Foliage suitable for floristry
- Shade tolerant

Uses: Hanging Basket, Large Containers

H:15-30cm

FERN LEATHERLEAF

Rumohra adiantiformis

- Dark green glossy long fronds
- Will grow in a wide range of conditions
- Remove old fronds at their base
- Requires filtered light or shade

Uses: Garden beds, indoors, containers

H:60-1mtr

FERN NICOLAS DIAMOND

Pyrrosia lingua x Phlebodium aureum
'Nicolas Diamond'

- Suit indoors and outdoors in a sheltered spot
- Deep green foliage, slightly curled at the ends
- Cold and drought tolerant
- Upright habit

Uses: Accent plant, indoors, containers

H:40-50cm

FERN POM POM

Nephrolepis exaltata

- Beautiful deep green fronds form a large pom pom shape
- Low maintenance
- Shade tolerant

Uses: Garden beds, indoors, containers

H:40-50cm

Crassula thyrsoflora

- Eye catching foliage
- Pink tipped rosettes turn bright red
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-30cm

CRASSULA TOM THUMB

Crassula rupestris

- Tiny, triangular leaves
- Mint green foliage with red edges
- White flowers in spring
- Low water needs
- Easy care

Uses: Garden beds, containers

H:12-15cm

ECHEVERIA BARON BOLD

Echeveria x hybrids

- Interesting foliage
- Bold statement plant
- Low water needs
- Easy care

Uses: Garden beds, containers

H:30cm

ECHEVERIA BIG RED

Echeveria gibbiflora

- Foliage colour changes - green in summer, deep wine-red in winter
- Low water needs
- Easy care

Uses: Garden beds, containers

H:30cm

ECHEVERIA BLACK KNIGHT

Echeveria affinis

- Burgundy-black foliage
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

ECHEVERIA BLACK PRINCE

Echeveria shaviana

- Slow and low growing
- Short rosettes with dark-blackish leaves
- Dark red flowers in autumn/winter
- Easy care

Uses: Garden beds, containers

H:10-15cm

ECHEVERIA BLUE CURLS

Echeveria gibbiflora

- Frilly-edged aqua blue-green leaves
- Pink edges in spring/autumn
- Reddish-pink flowers in summer
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-25cm

Echeveria x hybrids

- Unusual fleshy foliage
- Green rosette with pink ruffled edges
- Small white flowers in summer
- Filtered sun
- Easy care

Uses: Garden beds, containers

H:15-20cm

ECHEVERIA DICK'S PINK

Echeveria subrigida

- Blue-green with bright pink edges
- Stunning colour in summer
- Low water needs
- Easy care

Uses: Garden beds, containers

H:25-30cm

ECHEVERIA DOMINGO

Echeveria subrigida

- Silver-grey foliage
- Low water needs
- Filtered light
- Easy care

Uses: Garden beds, containers

H:20cm

ECHEVERIA DONDO

Echeveria derenbergii

- Grey-green leaves
- Yellow-orange flowers late winter/spring
- Filtered light
- Easy care

Uses: Garden beds, containers

H:25cm

ECHEVERIA ELEGANS

Echeveria elegans

- Blue-grey foliage, slight pink edges
- Pink flowers with yellow tips
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20cm

ECHEVERIA FIRECRACKER

Echeveria setosa

- Spoon shaped green leaves covered in white hairs
- Red flowers with white tips
- Low water needs
- Easy care

Uses: Garden beds, containers

H:5-10cm

ECHEVERIA FIRE AND ICE

Echeveria subrigida

- Blue-green with red frilled edge
- Low water needs
- Filtered light
- Easy care

Uses: Garden beds, containers

H:30cm

ECHEVERIA IMBRICATA

Echeveria gibbiflora

- Flat grey-green leaves with red tips
- Red and yellow flowers in spring/summer
- Low water needs
- Easy care

Uses: Garden beds, containers

H:10-15cm

ECHEVERIA MAUNA LOA

Echeveria gibbiflora

- Frilled rosettes change colour in bright light
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-30cm

Echeveria Morning Beauty

Echeveria x peacockii

- Grey-blue rosettes
- Pink margins
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

Echeveria Painted Lady

Echeveria derenbergii

- Rosettes of olive green leaves with vivid red margins
- Low water needs
- Easy care

Uses: Garden beds, containers

H:20-30cm

Echeveria Perle von Nurnberg

Echeveria gibbiflora

- Dusty mauve foliage
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

Echeveria Raindrops

Echeveria x hybrids

- Unusual leaves with bumps resembling water droplets
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

Echeveria Topsy Turvy

Echeveria x hybrids

- Spoon shaped, powdery blue-grey leaves
- Stemless rosette
- Low water needs
- Easy care

Uses: Garden beds, containers

H:15-20cm

Echeveria Violet Queen

Echeveria elegans

- Grey-blue rosettes
- Pink edges
- Low water needs
- Easy care

Uses: Garden beds, containers

H:12-15cm

Echeveria Zorro

Echeveria gibbiflora

- Frilly foliage
- Changes colour with the seasons
- Low water needs
- Easy care

Uses: Garden beds, containers

H:30-40cm
