AGAPANTHUS CASCADE DIAMOND

Label Code: Natures Décor: 51-2446

- **Scientific Name:** Agapanthus inapertus
- **Habits:** Mounded
- **Height:** 30cm - 45cm
- **Spacing:** 30cm - 45cm
- **Width:** 30cm - 45cm
- **Exposure:** Part Sun | Sun

- 🌿 Nodding, double white flowers in summer that develop a pink tinge as they age
- 🌿 Dwarf clump-forming habit
- 🌿 Semi-deciduous

[view product page](#)

AGAPANTHUS SNOWBALL

Label Code: Natures Décor: 51-1196

- **Scientific Name:** Agapanthus praecox ssp. orientalis
- **Habits:** Mounded
- **Height:** 40cm - 45cm
- **Spacing:** 40cm - 50cm
- **Width:** 40cm - 50cm
- **Exposure:** Part Sun | Sun

- 🌿 Large balls of white flowers appear on dainty low growing plants
- 🌿 The most prolific flowering of any white agapanthus
- 🌿 Compact, evergreen perennial habit with a long flowering window

[view product page](#)

AGAPANTHUS SUMMER LOVE BLUE

Label Code: Natures Décor

- **Scientific Name:** Agapanthus africanus
- **Habits:** Mounded
- **Height:** 40cm - 50cm
- **Spacing:** 40cm - 50cm
- **Width:** 40cm - 50cm
- **Exposure:** Sun

- 🌿 Striking, medium blue flowers come quickly and in abundance from spring through to first frost
- 🌿 Blooms open on compact, straight stems, growing together in such a way as to form a sort of screen on each scape
- 🌿 These floriferous plants start blooming sooner than most other types of agapanthus, unfurling large numbers of lovely, new blooms almost ceaselessly throughout the summer (most agapanthus bloom only once per season)
- 🌿 The bell-shaped flowers form in somewhat spherical clusters; the foliage of both is deep green and grasslike
- 🌿 Butterflies are drawn to the fragrant blooms, which can be used in containers, garden beds, and also make great cut flowers
- 🌿 Drought tolerant and ease of growth.

- **Scientific Name:** Rubus fruticosus
- **Habits:** Upright
- **Height:** 100cm - 150cm
- **Spacing:**
- **Width:**
- **Exposure:** Sun

- ✦ A thornless blackberry variety with large, deep black berries in summer
- ✦ The most winter hardy of the thornless varieties
- ✦ Prefers cooler climates for best fruit production
- ✦ Highly productive

[view product page](#)

BLACKBERRY THORNLESS

Label Code: Lollipop Promo: 51-5802

- **Scientific Name:** Rubus fruticosus
- **Habits:** Upright
- **Height:** 180cm - 200cm
- **Spacing:**
- **Width:** 350cm - 400cm
- **Exposure:** Sun

✱ A hybrid variety that will produce an abundance of sweet juicy fruit in summer without the spiky thorns

✱ Protect fruit from extreme heat and ensure adequate water while fruit develops

✱ Remove old dead canes in winter, leaving only vigorous healthy canes to produce the next crop

[view product page](#)

BLUEBERRY BRIGHTWELL

Label Code: Lollipop Promo: 51-4878

- **Scientific Name:** Vaccinium ashei (V. corymbosum x V. ashei)
- **Habits:** Upright
- **Height:** 200cm - 300cm
- **Spacing:**
- **Width:** 150cm - 200cm
- **Exposure:** Sun

✱ This is a deciduous, mid season harvest blueberry, producing large dark blue fruits

✱ Requires 350-400 chill hours and can be planted in full sun or part sun

✱ Suitable for garden beds or large containers

[view product page](#)

- **Scientific Name:** Nephrolepis exaltata
- **Habits:** Upright | Spreading
- **Height:** 40cm - 50cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- ✓ Fast growing with a highly attractive spreading habit
- ✓ Fresh dense green fronds
- ✓ High vigour plants fill pots quickly
- ✓ Suitable for 75-300mm pot production

[view product page](#)

FERN BOSTON BLUE BELL

Label Code: Natures Décor: 51-1228

- **Scientific Name:** Nephrolepis exaltata
- **Habits:** Upright | Mounded
- **Height:** 40cm - 50cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- ✓ Blue Bell owes its great popularity to its uniformity, wide applicability, vigour and dense, compact growth with attractive, slightly drooping fronds
- ✓ Good heat tolerance
- ✓ Suitable for 50-400mm pot production

[view product page](#)

FERN BOSTON FLUFFY RUFFLES

Label Code: Natures Décor: 51-5298

- **Scientific Name:** Nephrolepis exaltata
- **Habits:** Upright | Mounded
- **Height:** Variable
- **Spacing:** Variable
- **Width:** Variable
- **Exposure:** Part Sun | Shade

- ✓ Foliage does not turn yellow quickly and with minimal leaf drop, is very suitable for higher-heat environments
- ✓ Easy care in moist soils and shade to moderate light conditions
- ✓ Suitable for 50-300mm pot production

[view product page](#)

FERN BOSTON MACHO

Label Code: Natures Décor: 51-2462

- **Scientific Name:** Nephrolepis biserrata
- **Habits:** Upright | Spreading
- **Height:** 40cm - 50cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- ✓ Tough, robust character of this fern lives up to its name
- ✓ Has an open growth habit, so it will not brown easily in the heart
- ✓ More tolerant of a wide range of growing conditions than many ferns
- ✓ Suitable for 100-300mm pot production

[view product page](#)

FERN BOSTON MONTANA

Label Code: Natures Décor: 51-5299

- **Scientific Name:** Nephrolepis exaltata
- **Habits:** Upright | Mounded
- **Height:** 40cm - 50cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- ✓ Attractive and very strong fern with a deep green leaf colour and a compact and homogeneous growth habit
- ✓ Montana grows about 30% slower than the common Boston strains, providing excellent shelf life indoors
- ✓ Very few rhizomes and minimal leaf drop
- ✓ Suitable for 50-400mm pot production

[view product page](#)

FERN BOSTON TEDDY JUNIOR

Label Code: Natures Décor: 51-5300

- **Scientific Name:** Nephrolepis exaltata
- **Habits:** Upright | Mounded
- **Height:** Variable
- **Spacing:** Variable
- **Width:** Variable
- **Exposure:** Part Sun | Shade

- ✓ Teddy Junior is a long-standing 'Rooseveltii' type mutation of _Nephrolepis exaltata_
- ✓ Compared to most Boston types, Teddy Jr. grows more compact
- ✓ The leaves are light, fresh green in colour and darken with age
- ✓ Suitable for 50-400mm pot production

[view product page](#)

FERN DUFFII

Label Code: Natures Décor: 51-2463

- **Scientific Name:** Nephrolepis cordifolia
- **Habits:** Upright | Mounded
- **Height:** 25cm - 35cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- ✓ Bushy, compact fern with dense small leaflets
- ✓ Slender, fluffy brown rhizomes at the base of the plant
- ✓ Tolerates less humid and warmer environments
- ✓ Suitable for 50-300mm pot production

[view product page](#)

FERN ELKHORN

Label Code: Natures Décor: 51-1293

- **Scientific Name:** Platycerium bifurcatum
- **Habits:** Upright | Mounded
- **Height:**
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade
- 🌿 Grows without soil on the surface of a tree or backing board
- 🌿 Multiple rosettes of foliage
- 🌿 Shade to moderate light conditions
- 🌿 Suitable for 60-300mm pot production

[view product page](#)

FERN EMERALD QUEEN

Label Code: Natures Décor: 51-2464

- **Scientific Name:** Nephrolepis oblitterata
- **Habits:** Upright | Mounded
- **Height:** 40cm - 50cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade
- 🌿 Extremely strong and vigorous variety with an upright habit
- 🌿 Maintains green leaf colour even in high light levels
- 🌿 Can be used in the landscape in warm climates
- 🌿 Suitable for 75-400mm pot production

[view product page](#)

FERN GREEN FLAME

Label Code: Natures Décor: 51-5833

- **Scientific Name:** Microsorium punctatum
- **Habits:** Upright | Mounded
- **Height:** 40cm - 50cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade
- 🌿 Broad, succulent and glossy leaves with a comb-shaped tip
- 🌿 Upright habit makes a stand-out display
- 🌿 Can be used in the landscape in warm climates
- 🌿 Suitable for 100-300mm pot production

[view product page](#)

FERN KANGAROO

Label Code: Natures Décor: 51-5302

- **Scientific Name:** Microsorium diversifolium (M. pustulatum)
- **Habits:** Upright | Spreading
- **Height:** Variable
- **Spacing:**
- **Width:** Variable
- **Exposure:** Part Sun | Shade
- 🌿 Extremely user-friendly variety, tolerating lower light and water levels
- 🌿 Dark green leaves are deeply incised and strongly shiny, with sturdy black petioles
- 🌿 Tolerates darker and drier conditions than many ferns
- 🌿 Can also be used as a cut foliage plant
- 🌿 Suitable for 100-300mm pot production

[view product page](#)

FERN LEATHERLEAF

Label Code: Natures Décor: 51-2465

- **Scientific Name:** Rumohra adiantiformis
 - **Habits:** Upright | Spreading
 - **Height:** 60cm - 100cm
 - **Spacing:**
 - **Width:**
 - **Exposure:** Part Sun | Shade
- 🌿 Long, dark green glossy fronds and rusty-red creeping rhizomes
 - 🌿 Frost hardy to -4°C
 - 🌿 Suitable for landscape use and as a cut foliage plant
 - 🌿 Suitable for 125-400mm pot production

[view product page](#)

FERN MAIDENHAIR

Label Code: Natures Décor: 51-7159

- **Scientific Name:** Adiantum raddianum
 - **Habits:** Mounded | Spreading
 - **Height:** Variable
 - **Spacing:**
 - **Width:** Variable
 - **Exposure:** Part Sun | Shade
- 🌿 Bright green triangular fronds on arching black stems
 - 🌿 Elegant and delicate in appearance
 - 🌿 Thrives in areas with high humidity and few drafts
 - 🌿 Suitable for 50-300mm pot production

[view product page](#)

FERN POM POM

Label Code: Natures Décor: 51-5303

- **Scientific Name:** Nephrolepis exaltata
- **Habits:** Upright | Mounded
- **Height:** 40cm - 50cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- 🌿 Compactly round Boston fern with the appearance of a cheerleading pom pom!
- 🌿 Plants occasionally exhibit frond variation
- 🌿 Easy care in moist soils and shade to moderate light conditions
- 🌿 Suitable for 75-300mm pot production

[view product page](#)

FERN RABBITS FOOT (DAVALLIA)

Label Code: Natures Décor: 51-1290

- **Scientific Name:** Davallia fejeensis
- **Habits:** Upright | Spreading
- **Height:** 55cm - 65cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- 🌿 Woolly rhizomes that spill over the edge of the pot and cover the soil surface
- 🌿 The foliage is graceful, dark green and almost artfully symmetrical
- 🌿 Suitable for 50-300mm pot production

[view product page](#)

FERN RABBITS FOOT WHITE (HUMATA)

Label Code: Natures Décor: 51-2028

- **Scientific Name:** Humata tyermannii
- **Habits:** Upright | Spreading
- **Height:** 30cm - 50cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- 🌿 Faster growth, harder and darker foliage, and whiter rhizomes compared to _Davallia_
- 🌿 The abundance of creeping legs largely determines the ornamental value, they creep along the pot where they contrast nicely with the upright dark green leathery leaves
- 🌿 Suitable for 50-300mm pot production

[view product page](#)

FERN SILVER LADY

Label Code: Natures Décor: 51-1227

- **Scientific Name:** Blechnum gibbum
- **Habits:** Upright | Mounded
- **Height:** 140cm - 155cm
- **Spacing:**
- **Width:**
- **Exposure:** Part Sun | Shade

- 🌿 The beautiful symmetry and unique palm-like appearance of the light green fronds give this very distinct plant great marketing features
- 🌿 A dark pseudo-trunk develops as the plant matures
- 🌿 Extremely fast growth rate
- 🌿 Suitable for 50-400mm pot production

PHILODENDRON SHANGRI LA

Label Code: Natures Décor: 51-5978

- **Scientific Name:** Philodendron bipinnatifidum
- **Habits:** Mounded
- **Height:** Variable
- **Spacing:**
- **Width:** Variable
- **Exposure:** Part Sun | Shade

- ✓ Shangri-La is a new form of _P. bipinnatifidum_ that offers consumers a more elegant and well-kept looking plant
 - ✓ Trialed for years before release, Shangri-La's habit is uniformly dense, clumping and will not vine
 - ✓ It produces highly dissected leaves at the juvenile stage, unlike other varieties - this gives it the look of a mature split leaf philodendron on a much more diminutive plant
 - ✓ It also produces noticeably more stems per plant, which adds to its robust look
 - ✓ It is perfect for indoor gardens, desktops, offices, smaller containers and protected outdoor landscape use
- Note: Harmful If Eaten, Skin & Eye Irritant

[view product page](#)
